—A recent decision of the secretary of the interior in the road land case of Henry Chapman versus the Road Co. gave the land to Chapman. It involves a quarter section of land down on the Island in 24-31. The decision is much to long to publish, and consists chiefly, of a review of the case with copious quotations from former decisions. The case was appealed from the Hon. Commissioner to the Hon. Secretary, and the latter simply sustained the former in his decision.

—We had an interesting chat with G. C. Duncan—the fossil hunter—last Wednesday afternoon. Mr. Duncan reports that he is meeting with success this trip, and the find on Fossil mountain seven miles south of Right's Point, was in theocene of the tertiary period, he has already collected quite a number of interesting specimens, and expect to get more. When his collection is completed, he will send the whole to the museum connected with the Smithsonian Institute as he is in the employ of the Prof. of geology in that Institute.

—The report given in the HERALD, the last issue, of Ira Venator being held under \$500 bonds to appear at the next circuit court of Lake county to answer the charge of larceny, is false every word of it, we learn since the issue of the paper referred to, that Ira Venator is on his ranch on Crane creek and has been for the last six months. The report coming from the source it did, its veracity was not questioned and of course being an item of news, which all newspapers greedily gobble up, was published. We hope Mr. Venator will be satisfied with this explanation, and not censure us for publishing the report knowing the natural propensity of all newspapers to get news.

—We were shown, yesterday, by Mr. Allison, a bunch of oats grown on the ranch of G. W. Young 3 miles south of Burns, which was very fine indeed. Mr. Allison informed us that Smith and Young who have ranches adjoining have fifty or sixty acres of just such oats, the yield will be at least 75 bushels per acre.

A chicken dinner will be set before her guests and an enjoyable hour is expected. We know Mrs. Fry's reputation as a hostess and feel assured the dinner will be a success.

—The news came to town yesterday afternoon of the death of Guy Dickenson, caused by a runaway team. As we understand it, Mr. Dickenson was coming from the saw mill above Harney his wagon loaded with lumber, the team became frightened and ran away, he was thrown from the wagon falling under the wheel which ran over him. He was taken to Harney but lived only a short time.

—Emmett Reed, a youth 12 or 13 years old, a son of E. B. Reed living near town, was taken with cramps while bathing in Salvies river last Sunday, and would undoubtedly have passed in his chips, had it not been for Adolor Racine a youth of about the same age, who at the risk of his own life saved him from drowning. Adolor is a fine lad and deserves credit for his courage and presence of mind.

—Joe Barnes was riding across the prairie the other morning and on looking ahead he saw an individual coming towards him waving his hat and hollering at the top of his voice, on a nearer approach he saw it was Homer Mace. Board of Trade.

All persons feeling an interest in the growth and welfare of the county, are invited to attend at the church, in Burns, August 29, 1891, and if possible, organize a Board of Trade, and devise ways and means of properly advertising the resources and opportunities of the county. Every other county in the state is attracting the attention of home seekers from abroad, and none more advantageously situated than Harney county. We have more arable lands awaiting settlement than any other county in Eastern Oregon; but who knows it outside of the comparative few now located here? It looks like selfishness on the part of those here, to remain silent and inactive longer. Let the world know of the wonderful range and farm lands of this county, 10600 square miles of territory monopolized by 2500 men women and children all told. Let us organize and advertise.
