The pasture is sufficient without feeding any hay until deep snow. He also offers the privilege of feeding on the premises. Water plenty.

That is we offer as a premium the Rural Northwest to cash subscribers and those in arrears who will pay up and one year in advance.

Last week G. W. Price son of Dr. Price of Chicago and a member of the Price Baking Powder Company, was killed while out camping in Colorado. He is a somnambulist; and was outside of the dugout they were staying in. When he came in, he crawled on his hands and knees, and one of the men mistaking him for a bear, fired at him, striking him in the top of the head. He died in about two hours.

—The lodge of the A. O. U. W. organized in our town this week, by the Grand Official Instructor; numbers 23 members. The following officers were elected in the lodge: Master Workman, H. A. J. Mothershead.

—D. H. Smyth left Burns this morning for home with several hundred pounds of flour made at the Burns flouring mill, and his winter supply of groceries, dry goods etc., bought of our merchants. Mr. S. paid the cash for his goods, and is a man of considerable experience and business tact; that is why he bought his goods here instead of going to the railroad; knowing, that for cash, he could purchase his supplies in Burns at such a low figure that the little difference of prices here and at the railroad would not pay for the trip.

HENRY CALDWELL.

For a good, everyday household angel give us the woman who laughs. Her biscuit may not always be just right, and she may occasionally burn her bread and forget to replace dislocated buttons; but for solid comfort all day and every day she is a paragon. Home is not a battle field, nor life one long unending row. The trick of always seeing the bright side or if the matter has no bright side of shining up the dark one, is a very important faculty, one of the things no woman should be without. We are not all born with sunshine in our hearts, as the Irish prettily phrase, but we can cultivate a cheerful sense of humor if we only try.—Lakeview Examiner.

—It is more fun to see a man read a puff of himself in a newspaper than to see a fat man slip on a banana peel. The narrow minded man reads it over seven or eight times, and then goes around town and steals—appropriates what copies he can. The kind-hearted family man goes home and reads it to his wife and then pays up his dues to the paper. The successful business man who advertises regularly and makes money by it, immediately starts to find the editor and speak words of acknowledgement; and then two men start out of the sanctum and walk thoughtfully down the street together; and the business man takes sugar in his'n and they both eat a clove or two and all life is sweeter, and peace, like a gentle dove, settles down on their hearts for that moment. Such is the experience of "seed" as it falls upon different soil.—Examiner.

With H. A. D. in the chair.
And the Items in the rear,
J. B. to deliver the grand ovation
The g. o. p. will make a mighty stir.

But then you must know sir!
The Democrats will cause something to occur,
To dampen the elixir
Of their fond expectations.

The clerk we shall elect,
And the sheriff we expect,
With the remaining county officers
in rotation.

Notice.

All owing us are requested to pay up at once or costs will be added.
