Who Are Democrats, and What Are
Their Duties.

It is enough to make one "tired" to listen to young inexperienced persons trying to disparage the actions or conduct of old tried democrats, who stood manfully by the party in its darkest days immediately at the close of the war and helped resuscitate the grand old party from the oblivion to which the republican party at that time thought it had consigned it. Now such fellows will come forward,—in instances where it is necessary for the older ones to act with discretion and pursue a policy which in the end they consider much better for the advancement of the interest of the party,—and declare the older ones out of line, and even so "brand them with going over to the enemy." Bah! how disgusting! If an old democrat is his tool on the neck of a knave who has been tried and found wanting, but still has a following of his kind and whose only desire is to serve his own selfish purposes losing sight of his duties and obligations to the people, then, forsooth, the little clerk is ready to cry out: "He's no democrat or he would kiss the feet of the ring, and 'trot' to the manes of those who would like to be his masters." We say to such fellows go with the calves, where you properly belong, and remain there until you are able to distinguish, at least, colors.

Several Fine Quartz Ledges Have Been
struck—Work Already Begun.

The gold excitement in our county has not abated one iota, we learn from reliable sources that our gold diggings will certainly be very rich. Six or seven quartz ledges have been exposed and bid fair to realize the fondest expectations of the discoverers. The canyon Trout Creek will soon be alive with miners and goldhunters. Harney county can

THE Evening Telegram published at Portland by George H. Moffett comes to us regularly; is purely democratic and its circulation should be an object with all true-ors of a good daily democratic paper. The Telegram supplies a place on our exchange list, that in its absence, it would be impossible to fill in the state.

From Van

VAN, Feb. 19.

The folks of our neighborhood are enjoying a series of dances, last Friday evening the Wolf Creek school house was favored, and to-night (Friday) Mr. James Moffett will be stormed.

J. C. Garrett and W. E. Alberson candidates for the office of sheriff have been visiting our part of the county, and as they both displayed an equal amount of courage, energy, patience, preservation, and good staying qualities at the Drewsey leap year ball, the 12th inst., it is hard to tell which one will be the more favored.

Mr. Alex Oleson is the architect, builder and maker, or rather is building a violin, which for neatness, finish and tone bids fair to surpass anything of its kind in existence. We have not heard if he intends to vend it to the World's Fair.

A few stock men in this vicinity run short of feed and turned their horses on the range.

The citizens of this place are indignant, at having read that the county court allowed more money for hauling the timber for the Otis creek bridge, than was allowed for the whole bridge spanning the Malheur river at Van.

At Last Takes Action.

The bill is something needed. If a maker uses a drug in his powder, the name of which he does not want to have printed on his label is prima facie evidence that there is something wrong. We hope the subject will be vigorously prosecuted all over the country, not only as regards baking powder, but also all other food adulterations. This bill may incidentally benefit the makers of pure articles but if it should, this is only an additional point in its favor.

CATARRH CANNOT BE CURED

with LOCAL APPLICATION, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free. E. J. CHENEY & Co., Toledo, O

Dr. Lowell, Mass., agree in saying that they sell more of Hood's Sarsaparilla than of any other blood purifiers. For instance:

F. C. GOODALE: I sell more of Hood's Sarsaparilla than all other blood purifiers.

A. W. DOWS & CO.: Hood's takes the lead of all other sarsaparillas.

C. F. BLANCHARD: We sell more of Hood's Sarsaparilla than of any similar.

MADISON & SEAY: With us the sale of Hood's is to 1 of any other kind.

F. & E. BAILEY & CO.: Hood's Sarsaparilla is one of the best medicines.

CHARLES & HOREY: Hood's Sarsaparilla is one of the best medicines we have. It has increased every year.

F. P. MOODY: We sell twice as much of Hood's Sarsaparilla as of anything similar.

C. A. SWAN: Hood's is the most popular sarsaparilla of the day.

THOMAS OTHER DRUGGISTS speak similarly.

This popularity at home, where Hood's Sarsaparilla and its proprietors have been known for many years, could not continue if the medicine did not possess merit. And these facts should certainly convince people in other sections of the country that Hood's Sarsaparilla is a good, reliable medicine.

MONEY

to finish everything. We started on March 1, and it took four years to finish, or all that time to do the work. This is an entire new kind of thing, a wonderful new way of working. I'm sure you're going to find it a lot of fun and it's a new kind of work, and more of a challenge. We can't finish you the entire thing, but I'll try. No more to a new kind of work. I'll try to finish it.
