

**THE ROYAL AND THE SOLDIERS.**

Army and Navy Journal.

During the last year, including the March contracts recently awarded, the Royal Baking Powder Company has supplied over 212,000 pounds, or 106 tons of baking powder for the United States Government and its Army and Navy officers.

For many years the Government has given its orders for Royal Baking Powder in preference to all others, it being found superior to all others in strength and purity by the official examination, and the only Baking Powder that will keep and retain its strength in the various climates to which it is sent by the Department.

After all the hubbub over the safety of Charles Wilson, the brutal murderer of Annie Walsh, from mob violence, the officers have lost their man.

He was not taken from them by a mob of lynchers, but simply gave the officers "the slip" while they were carrying him around the country in an open buggy, free from handcuffs and leg irons.

**A Wholesale Murderer.**

A man named Thompson, on trial for beating his wife, went home and killed her with a butcher knife. He also killed another woman witness against him. He will probably be lynched.—Flagram.
