WEDNESDAY JULY 27, 1892.

HAS LARGEST CIRCULATION OF ANY NEWSPAPER IN THIS COUNTY.

Local News.

-Congress has adjourned. -Bob Baker is in town to-day -Side-walks are rapidly appearing in our town. -Just arrived; latest styles of shangton's at A. Robbins. -Beautiful shades of Pongees, Challies and Lawns at A. Robbins. -J. C. Garrett sends us the information, that his wheat is looking splendidly, and garden never better. -Builders tools and all kinds of building hardware at the Burns hardware store, at bottom prices for cash. -Who said you couldn't get a good flavored cigar in town for five cents? Call at the City Drug Store and inquire. -Jahn Biggs, brother of M. R. Biggs, has returned to his home in Mo. Mr Biggs bought a car load of Oregon mares of Peter French, to take back with him. -BRING IN YOUR WHEAT.-John Sayer announces he will grind your wheat at a half cent a pound, or fifty cents per hundred and guarantees good flour from good wheat. -A force of 40 chinamen were put to work some time ago on the eastward extension of the O. P. railroad. The opinion expressed in some newspapers, is that the work of construction will continue until winter. -Miss Ida Roberts, and Madge Byrd who were on a visit to Silver Creek during the whole of last week, report having had a very enjoyable time. Madge declares the citizens of Silver Creek the best people on earth. -Snow Mountain is now thought by miners, to contain the vast deposit of gold and silver so much talked of and sought after this summer. Chas. Norton has made two assays of rock found on that mountain, one assayed \$990 the other something over \$800. -Smallpox is raging at Victoria B. C. and on the Sound, notwithstanding every precaution has been made to prevent the spread of this dreaded disease, one case has made its appearance in Portland and the citizens are urging strict quarantine measures. -There is a certain class of people who take a delight in cursing the actions of county officers when there is the least show in the world to give them license, wholly wanting facts to prove the right to do so. "All the same" everybody curses the devil because its a privilege granted, never taking into consideration that the devil is not the author of his being and that a power greater than he created him for the express calling he follows. We say don't curse the devil and keep clear of his clutches and influence, and then there is no need of saving hard words against him, and moreover when you feel like "maledicting" our county officials first get the facts and evidence to substantiate your maledictions.

-Geo. Stanclift was in town Monday and Tuesday. -Ladies and childrens gauze vests 20cts. each or three for 50 cts. at the Milliner Store. -Prairie City Roller Mill gives 33lbs of flour and 12lbs of brand and shorts per. bushel wheat. -Miners tools and implements in full stock just received, and for sale at Voegtly's hardware store. Do you want white bread? Then get your flour from Prairie City Roller Mill. The pride of the Valley takes the lead. Ladies go to A. Fred Lunaburg and George Fry. -Don't forget when in town that Lee Caldwell keeps the best of liquors and cigars behind the bar, ready to dispense to his many customers. -Mrs. Louis Racine, who returned from Portland a few days since, declares Burns to be ahead, in point of business of any town she visited except Portland. -Frank Lewis has bought out Henry Richardson's interest in the saloon. He cordially solicits the patronage of his friends and the public. -Mr. and Mrs. H. C. Levens expects to start to the Willamette Valley tomorrow morning, to be absent for some time. We are informed that Mr. and Mrs. Isaac Foster will accompany them as far as Portland. -Through the efforts of Lou Rosenberg about \$50 has been raised by subscription to buy Gabe Giannini a wagon he can operate himself. Gabe is about 8 years old and the son of Thomas Giannini; he has been a cripple from birth having no practical use of his legs. The present of a wagon will be quite a treat to the little boy. -We would particularly urge the cutting and stacking of our abundant hay crop. Remember from reports we have already received there is strong reasons for thinking that a great many cattle, horses and sheep will be driven here this winter to feed. Crops are short all around Harney county and stockmen will be compelled to make some provision for winter feed. -Horace Dillard, P. M. W of the A. O. U. W. Lodge of Burns, and who was sent by his lodge as a delegate to the Grand Lodge in Portland, got home last Monday evening. He informs us that the A. O. U. W. is in excellent condition and thinks every able bodied man in Harney county should become a member. There is no better life insurance, and in case of the death of a brother, the insurance money is forthcoming immediately without any "red tape" or litigation in the business. -"Mark Twain" was born in Missouri, Howell in Ohio, Bret in Albany N. Y., Aldrich in New Hampshire, Richard Watson Gilder in New Jersey, Richard Henry Stoddard in Massachusetts, Julian Hawthorne in Boston, and Henry James in New England, Amelia Rivers and Thomas Nelson Page are Virginians, and Joel Chandler Harris is a Georgian. There is plenty of room in a great many states, it seems for literary genius to be born. -Tel. Register.

Constable John T. Carter, of West Chehalem, and who captured Wilson, and who, according to dispatches, was lying at the point of death at his home, was in Portland and called on Sheriff Kelley Tuesday. He was very lively for a man at the point of death, and those who saw him did not think his condition at all critical. He was badly injured, however. One of his fingers was bandaged, the flesh of over half of it having been scraped off by Wilson's teeth, who, when captured, managed to get the finger in his mouth. The surgeon who attended Carter wanted to amputate his finger, but he would not consent to the operation. He does not think blood poisoning will set in. Sheriff Kelly paid Carter the reward offered for Wilson's capture, and presented him with a fine revolver and a pair of handcuffs.
