Local News.

Several freight teams were unloaded at the drug store of H. M. Horton last week.

The John Day Sentinel has changed hands, it is now a radical people's party paper.

The next session of the sovereign grand lodge of Odd Fellows will be held at Milwaukee Wisconsin.

N. Brown is now receiving his fall and winter stock of dry goods and groceries. Quite a number of wagons were unloaded there in the last week.

The wife of Charles Billings living in the county of Ashley Tenn., a short time ago gave birth to six children, all boys. Mr Billings is a poor mountaineer, and his greatest trouble now is, to furnish paregoric.

Of the 1500 torches prepared for the occasion, of opening the presidential campaign in Portland by Senator Dolph, only about one third were used and a good many of those were carried by boys hired for that purpose.

The items in making the statement that "nineteen twentieths of the G. A. R. are republican" got its figures from the wrong Almanac. The editor had better converse with some of the members of that association, who are posted and correct his mistake.

is work-ing; the laziest, shirk-ing, doubtful king, smok-ing, the most common, joking, the leanest thinking, thirstiest, drin-king, slyest, win-king, the most dangerous, talk-ing.

Portland is said to be without a single gambling house at this time. Chief of Police Spencer succeeded in closing every one by sending out policemen clothed in citizens' dress. In this way he succeeded in arresting the managers of all games, chinese included.

Mr. and Mrs. James Anderson of pine creek precinct were in our town several days of last week visiting their uncle and aunt. Mr. and Mrs. Chas. Anderson, while here they called on us and presented us with a cabbage head weighing 12 pounds.

On the 25th ult. in Prineville, a man by the name of Starring attempted suicide. He cut a gash in his arm, with a razor, just below the elbow to the bone. Persons attracted by the noise he made in his room, broke open the door and entered. A Dr. was immediately summoned and the man's life saved. The cause was the excessive use of morphine and cocaine.

In an attempt to rob the first national bank and the bank of C. M. Condon & Co., at Coffeerville Kan., Oct 5. Bob and Grat Dalton, Tom Heddy and an unknown man of the Dalton gang were killed, and Emmet Dalton mortally wounded. Also, the following citizens were killed: City Marshal, C. T. Connelly, Geo. Cubino and Charles Brown. Cashier Thomas, G. Avers and Lucius Baldwin were fatally injured.

Ralph, are you going to put another floor on top of this one to cover these cracks?

The Morning Call, published in Griffin Georgia, says: "Weaver's war record in Tenn. and his vile slanders against southern women, which confronted him at every turn were more than he could stand, and he jumped the track. The people in Georgia will take no stock in such a slanderer and villain."

Weaver must have the gall of a Missouri ox-driver, to have the audacity to enter loalities in the Southern States, where, only a few years ago, he vilified and slandered the people publicly, not even sparing the women. We wonder if he was egotistical enough to think, for a moment, that the people of the south would now embrace him for the vile epithets he hurled at them when it was to his interest to curry favor with the north. His reception down there will throw a damper on his conceit, and his future to carry everything by storm caused him to beat a hasty retreat.

Notice.

Found on the Blitzen near the ranch of G. W. Wilshire an upper set of false teeth. The teeth were left at this office.

The Druggists

In Lowell, Mass., agree in saying that they sell more of Hood's Sarsaparilla than of all other blood purifiers. For instance: F. C. GODDARD: I sell more of Hood's Sarsaparilla than all other blood purifiers. A. W. DOWS & Co.: Hood's takes the lead of all other sarsaparillas. C. F. BLANCHARD: We sell more of Hood's Sarsaparilla than of any similar. MARSTON & SHAW: With us the sale of Hood's is 9 to 1 of any other kind. F. & E. BAILEY & Co.: Hood's Sarsaparilla is one of the best medicines. CARLTON & HOVEY: Hood's Sarsaparilla is one of the best medicines we have. Its sale increases every year. F. P. MOODY: We sell twice as much of Hood's Sarsaparilla as of anything similar. C. A. SWAN: Hood's is the most popular sarsaparilla of the day. THIRTY OTHER druggists speak similarly. This popularity at home, where Hood's Sarsaparilla and its proprietors have been known for many years, could not continue if the medicine did not possess merit. And these facts should certainly convince people in other sections of the country that Hood's Sarsaparilla is a good, reliable medicine.

A BIG OFFER.

News was not known as many possible before Jan. 1st, we have decided to make a proposition that should be accepted by every one. The Goodform, a wonderful magazine published in Chicago—the World's Fair City—if you have not seen it you cannot appreciate how nice it is.

Notwithstanding it is only a year old it already outranks many of the oldest and most popular magazines of the world.

YOU ASK WHY? Simply because it is published to please the people and not the editors. In fact any information of high character that will tend to make the people wiser better and happier, always finds a place in Goodform.

It has no hobbies and does not take sides on any questions except those of honesty, justice and purity. Its eighty pages are filled each month with serial and short stories of the highest order, select and choice literature, poetry song and art.

Matters of dress, Woman's Sphere, Home Decorations, Bodily Grace and Beauty, Conduct and Character, Health—The Nursery, Our House Affairs, Plants and Flowers, Practical Amusements, etc., etc., are ably discussed each month by editors who are thoroughly posted on these departments of life.

Of course you want Goodform, everybody does, and our arrangement with the publishers makes it possible for you to get this most beautiful and valuable magazine for nothing during a limited time only.

The HERALD is \$2.50 a year and the Goodform \$2.00. Now we make our subscribers the following offer, which will hold good as long as we run this notice: to all delinquents who will pay up and one year in advance and to all new subscribers, we will send to their P. O. address, the Goodform "gratis." This is certainly an offer that no one should overlook, and we sincerely hope our readers will accept.
