Hogan is expected today and if Bob Baker providentially, accompanies him, with Bob, Carl, Tom and Will, we will have a team capable of accomplishing anything, should it be even, robbing a high priest or running a Sunday School.

—Why is it that the road, granted by the county court a year or two ago—or, at least, we are informed the road was granted—leading south from the Embree bridge to the Narrows, was not opened? Or if ordered opened, why was it the road supervisor did not obey the order of the court? The citizens of the Narrows, Blitzen and Diamond neighborhood are complaining, very much, of the round about way they are compelled to traverse in order to get to Burns.

—Our town election for municipal officers will be holden on the 7th of next month. We hope that every citizen of Burns will exert himself for the election of officers of good judgement and they should be taxpayers identified with the interest of our town. We also hope that harmony will prevail and party differences be forgotten and all envy and prejudices laid to one side, at least, for the time being and let us elect officers who will pull together and pull for the welfare of our town.

—Father Bowen reported to us yesterday a peculiar cause of the death of a horse, and also he had one to die of the same two or three years since. The animal actually dies from starvation being unable to masticate the food sufficiently to swallow it. Mr. Bowen supposed from the symptoms as the animal invariably dropped the food from his mouth after being only partially chewed, if chewed at all, that the throat was the seat of the trouble. But upon examination after the death of the horse, he found the cause to be the teeth. One or two of the molar teeth had decayed and wasted away allowing the teeth immediately above to grow to double the length they should be, the long teeth actually forcing a hole in the lower gum by mastication until finally the length of the teeth prevented the grinders from coming together and death by starvation was the natural result.

JOHN M. FARRENS.

A Unstoppable Girl.
 SPOKANE, Wash., Feb. 15.—Bertha McCaslin, the 17 year old girl who ran away from home at Milton Or., and came to this city, was found Monday in her room in the Bennett block and taken to the police station, where she was confronted by her uncle, who lives in Spokane city. Together with Chief Mertz he took her aside and gave her a quiet lecture. She replied that she knew her own business, and would not listen to being sent home. Chief Mertz gave her the alternative of going home with her uncle or being locked up and she went with her uncle. She appears to be determined to be tough and it is doubtful if he can do anything with her.—East Oregonian.
