

Communication.

ED. HERALD: In the HERALD issue of the 22d ult. you stated that you have been informed that a year or two ago a road was granted by the county court, leading south from the Embree Bridge to the Narrows, and asked why the road was not opened; or if ordered open why it was the supervisor did not obey the order of the court. Having acted as supervisor of roads for this District the past year, I think it proper that I explain the matter. Two years ago a petition was sent to the court asking for a county road beginning at a stake about one mile and a half south east of where the bridge now stands and between the Red-S field and the bridge running north in a zig-zag line to McKinney's mill. The road was granted as asked for in the petition. I had no order from the court to open the road, in fact, it is useless to open it to its present terminus. The road will be of no benefit to the public and as it is extended on south to the Narrows. The people have never petitioned the court for an extension of the road, consequently they have no grounds for complaint. The Good Book says "Ask and you shall receive." If the road is worth having it is certainly worth asking for, and if the people petition the court for an extension of the road and the court refuses to grant it, complaint will then be in order.

Yours Respectfully, BERT EMBREE.

—We are here viz the citizens of Harney county, Burns, Harney and other towns, 150 miles from telegraph facilities and no mail from the railroad in the last week. Cleveland's inaugural is a thing of the past in the business centers on the railroad and we remain in blissful ignorance of the event. The President we venture to say was not assassinated, still such a catastrophe could have been. The line of march, the fine carriages, the music, the grand display of fireworks, Cleveland's welcome by the people, his reply, all this and more we have to guess at because a bill of the first water who has the contract on the Burns Ontario mail route sees proper to suspend operations for a short while so that he may be able—as he has done here before—to turn over the business to Mr. Somebody else in order to cheat, defraud, and swindle his creditors on the route out of a few thousand dollars so as to make himself whole on a contract undertaken for about half what it is really worth. Not only does this swindling bill defraud his creditors but does great injury to the business men and citizens on the route by depriving them of mail, which to a great many is a very serious matter resulting in loss, confusion and discontent, many are the athletes heaped upon the head of the guilty offender, which he richly deserves, and the government officials who superintend the mail routes should receive a share of the curses showered upon the contractor, for allowing such a state of affairs, because they have been repeatedly warned that Mr. M. Coy did not respect his contract and

that whenever occasion or circumstances necessitated a slight of hand performance of his part in order to save himself financially and make some money at the expense of the people living on the route he did not hesitate a moment to act for his own self interest. How such men receive the respect and confidence of the government as well as a great many people is an enigma hard to solve.

—At the annual school meeting of district No. 1, Burns, P. F. Steinger was elected director, H. A. Dillard clerk. The consideration of taxes and bonding the district was postponed till the adjourned meeting to be held on the first Monday in April [April 3rd] 1893. At this meeting the report of the committee appointed to investigate the financial condition of the district, will be made. We hope this meeting will be attended by every voter in the district.

A BIG OFFER.

Wishing to secure as many renewals and new subscriptions as possible before Jan. 1st, we have decided to make a proposition that should be accepted by every one. The Goodform, a wonderful magazine published in Chicago—the World's Fair City—if you have not seen it you cannot appreciate how nice it is.

Notwithstanding it is only a year old it already outranks many of the oldest and most popular magazines of the world.

YOU ASK WHY? Simply because it is published to please the people and not the editors. In fact any information of high character that will tend to make the people wiser, better and happier, always finds a place in Goodform.

It has no hobbies and does not take sides on any questions, except those of honesty, justice and purity. Its eighty pages are filled each month with serial and short stories of the highest order, select and choice literature, poetry, song and art.

Matters of dress, Woman's Sphere, Home Decorations, Bodily Grace and Beauty, Conduct and Character, Health—The Nursery, Our House Affairs, Plants and Flowers, Practical Amusements, etc., etc., are ably discussed each month by editors who are thoroughly posted on these departments of life.

Of course you want Goodform, everybody does, and our arrangement with the publishers makes it possible for you to get this most beautiful and valuable magazine for nothing during a limited time only.

The HERALD is \$2.50 a year and the Goodform \$2.00. Now we make our subscribers the following offer, which will hold good as long as we run this notice: to all delinquents who will pay up and one year in advance and to all new subscribers, we will send to their P. O. address, the Goodform "gratis." This is certainly an offer that no one should overlook, and we sincerely hope our readers will accept.
