

The Oregon Pacific.

The following interview with Mr. C. H. Gest by the Oregonian reporter, makes further explanation of Oregon Pacific affairs:

"We have had the sale of the Oregon Pacific continued until June 28th. The object of the continuance is to place the property of the company in the hands of an impartial receiver, and also for the purpose of obtaining sufficient time to send experts east of the mountains to determine the value of an extension of the line to that section. Judge Fullerton, in granting the continuance, required as a condition that at least \$40,000 should be paid the employees upon their claims for back pay. Through the efforts of the new receiver the sum of \$50,000 was obtained and placed in the hands of Blair & Co., of New York, for this purpose. The necessary papers will be prepared and sent east as soon as possible, and we hope to be able to pay the men within two weeks. The back pay due them aggregates \$100,000 or over, and has been in arrears since April 1, 1892. The road will undoubtedly be sold June 28th. The receiver will be able to meet monthly claims regularly. Mr. Hadley is now in San Francisco. In a dispatch to me he states that a new office of our steamship line has been established there and a large reduction made in the expenses."

New York, March 15—A certified copy of the order of Judge Fullerton, of the circuit of Oregon, removing T. Egerton Hogg, of New York, as receiver of the Oregon Pacific and appointing in his place Everest W. Hadley, of Corvallis, Or., was received to-day by the bondholders' committee. It was served on Hogg at the office of the company, but he did not furnish the combination to the safe. I allowed the committee to obtain possession of the books which they contain. He cannot be punished in New York state for contempt of court for refusing to obey an order of the court of Oregon. The motion will be argued before Judge Ingraham, in the supreme court chambers, Friday, for confirmation here of Judge Fullerton's order.

Three Children Poisoned by Impure Vaccination—Covered with Sores

How Their Lives Were Saved.

Mrs. James Throuwer San Jose, Cal.

"When we were living in Castro, Cal., my three children, respectively 5, 7 and 10 years of age, were all in good health until they were vaccinated in January, and after that not one of them was well for months. They were all blood poisoned by impure matter used in vaccination. In August I began giving them Hood's Sarsaparilla. They were covered with

Sores From Head to Foot.

After they had taken the medicine for about a month, the eruptions healed, their appetites became natural, they slept well and commenced to gain in flesh. They have not had a sick day since. No children are more robust and healthy. My husband and myself believe we owe our children's lives to Hood's Sarsaparilla.

which we always keep in the house. I am only too glad to give this statement and I hope it will be the means of persuading other people to use medicines which I know to have so much merit as Hood's Sarsaparilla and Hood's Pills." Mrs. JAMES THROUWER, San Jose, California.

N. B. If you desire to take Hood's Sarsaparilla do not be induced to buy any other.
