HAS THE LARGEST CIRCULATION OF ANY NEWSPAPER IN THIS COUNTY.

L. P. FISHER, NEWSPAPER ADVERTISING Agent, 21 Merchants' Exchange, San Francisco, is our authorized agent. This paper is kept on file in his office.

—Peach brandy at Caldwell's for \$3.50 a gallon, cash.

—John S. Devine was in town two or three days of the last week.

—Atty. Geo. Hayes, of Harney, informs us that he is now contractor on the Burns-Ontario mail route.

—E. H. Test, county clerk of Malheur county, was in our town several days of last week.

—T. A. McKinnon started with his band of horses south the latter part of last week. Mrs. McKinnon accompanied him.

—Chas. Voegtly has lately received a very nice assortment of prepared paints. Also prepared kalsomine of different colors.

—Quite a number of emigrants passed here yesterday from Grand-Ronde Valley, on their way to the southern part of this state.

—Several of our citizens went to emigrant creek fishing last Saturday, coming back Monday. They all caught—cold.

—Burns is making every preparation for a grand 4th of July celebration. We are satisfied we will have a big crowd and we shall be ready to receive and agreeably entertain and amuse our friends.

—The Items has changed hands again, it is now in the hands of a publishing company. How many are directly interested, this depends on knowledge not, but we presume it will be a clean cut republican sheet.

—We were asked by a republican the other day, if the Items was bought by a syndicate of office-seekers. This was only a joke, you know.

—We are informed that our winter term of school has already been contracted, that is the advanced department, and Horace Dillard is the teacher. No good reasons can be given for rejecting the application of Prof. John Biggs.

—We heard an individual remark the other day, that the government had followed W. C. Byrd, J. C. Garrett and others up "alt creek", and Cleveland had proclaimed himself dictator and his court would be made up of Chinese and "wild cat" bankers. Then heaved a sigh and looked around longingly, hoping some one would treat

—Go to the Central Meat Market or a choice steak.

—John Cordor and the two Mullen boys, accused of complicity in the murder of Wm. Humbert, in Malheur county were acquitted.

—Sontag and Evans, the famous robbers, have been captured. Both are badly wounded, Sontag it is thought can't live but a few days. Evans will lose an arm.

—Mrs. Lease, Weaver's right hand bower, has a husband who keeps a drug store. He is quoted as saying: "It's all right my wife going around making speeches but its the drug store, just the same that keeps things running."

—Major Jos. Magone, a resident of Grant county, and the great pedestrian, who started from Canyon City the 4th day of last July, and walked the entire distance from that point to Chicago in 70 days a distance of 2100 miles, is visiting our town. What makes this feat undertaken and carried out by the old gentleman, the more remarkable is the age of Mr. Magone he being at that time between 70 and 80 years old. He is decidedly very active for a man of his age, quick of perception, witty always ready with an answer or repartee as the case may require, sociable, kind and considerate, it's not any wonder he counts his friends by the hundred and is at home anywhere. Several of our citizens met the Major last evening in the Burns Hotel parlor, where he favored us by reading many pages of the manuscript of his book he is now preparing for the printer. A book he will dedicate to educational purposes. The proceeds of its sale to be expended in building an institution of learning in our sister county, Grant. His book treats on his travels, especially his walk to Chicago, his life, the brilliant future of Oregon, its leading men and politicians. We feel safe in assuring our readers that his book will be a success and meet with ready sale, the part of the manuscript he read in our presence, is the basis upon which we make the declaration. The Major will lecture at the M. E. Church this evening, we presume his subject will be, HIS WALK TO CHICAGO.

**Killed His Brother.**—Daniel Tarter killed his brother last Saturday evening at their home in Eagle Valley and is reported by all who are familiar with the circumstances to be a coldblooded murder. The trouble arose over a law suit between Robert and his father, wherein Daniel took sides with the old gentleman. The preliminary examination will take place today before the justice of the peace of New Bridge precinct in Union county. Hon. T. C. Hyde has been retained on the defense and J. L. Rand will prosecute.—Blade.

**Communication.**

PRINEVILLE, June 8th, '93.

EDITOR HERALD: Your editorial on the A. F. Smith trial, in your issue of May 31st, is timely and just. That as between the "settlers" and "stockmen" there is now and has been for several years an "irrepressible conflict" in a "condition not a theory" and that their condition manifests itself very strongly in conflict between those parties in the courts is only to be expected, for it was in the court room and before legal tribunal, in your county, this conflict was begun, and the feeling of bitter antagonism that now exists was engendered and then and there alone it has been kept alive.

That the existence of this feeling and the conflicts that grow out of it are detrimental to the development of your county is true, that it should cease and die out is also true, but how can this be brought about? By one side or the other

laying traps to catch its opponent, by placing stock on the range ready fixed to be stolen and then indicting some unwary opponent for putting the stock to the very use it was intended for? Trying to make an act a crime if committed by an opponent that would not be criminal if done by a friend. Hardly Honesty is not taught by fraud, nor virtue enforced by committing rape.

That juries carry with them into their deliberations the partizan feelings that sway them outside of the court room is not to be wondered at, when one notices as has been noticed in your county that juries are not the only part of the court that is swayed by outside influence and association. A litigant that buys one officer of a court should not disturb his neighbors too much by his howlings, when he finds his opponent has "fixed" another officer. That property in your county has not at all times been protected, and the law impartially enforced is not altogether the fault of partizan or "fixed" juries. The fault lies deeper than that, it lays with those who are trying to use the courts as an instrument of vengeance against their adversaries, who are trying to use the courts to carry out their own selfish aims, to advance themselves and ruin those who stand in their way.

Don't understand me to say that your courts have been so used, I only say the attempt has been made to so use them, and knowing that this attempt has been made and is being made now, the natural consequence follows, the people, against whom this attempt has been made, when they find themselves on a jury, have retaliated. The remedy for all this is plain, let the "party of the first part" take his hands off of the court, make that body an impartial tribunal as far as he is concerned and it will be but a short time until the other side will do the same thing. Crime will never be protected or countenanced by your

citizens when it is a crime, but so long as your criminal trials are regarded as simply a contest between "Settler," and "Stockmen," just that long will they be farces.

You have a splendid county, and your citizens will compare favorably, in intelligence, honesty, and industry, with any people living, and when you all wake up and recognize the fact that every other person in the county has an equal right to life, liberty and the pursuit of a living, that you have, your county will take its proper place, the best county in the State.

Respectfully  
GEO. W. BARNES
