 cisco, is our authorized agent. This paper is
 kept on file in his office.

Local News.

—We are having fine weather.
 —Our town is having a siege of
 very bad colds or La-Grippe.
 —Sheriff Gittings and wife visit-
 ed friends in Drewsey last week.
 —The militia will give a big
 ball at Locher's hall Christmas.
 —A grand ball at the Caldwell
 hall on Thanks giving evening.
 —The Friday evening dances at
 the Caldwell hall will continue.
 —Dr. Horton has received a large
 quantity of Christmas goods and
 drugs.
 —All democratic congressmen
 declare the tariff had nothing to do
 with the late republican victory.
 —Jas Edwards will organize a
 class in mathematics to morrow
 evening at the school house. His
 terms are \$2.00 for 13 lessons.
 —John Carmichael, Land Office
 Inspector, is in our town this week,
 attending to the usual official busi-
 ness pertaining to that office.
 —The administration has de-
 manded an apology from the govern-
 ment of Honduras for having fired
 upon a vessel flying the American
 flag
 —Peter Clemens is improving
 the Red Front livery stable. He is
 putting an addition or extension of
 40 feet. Messrs. Post and Swain
 are doing the work.
 —We are informed that Doug
 Baker, of Silver Creek, who is now
 in California with a small band of
 horses is making very good sales.
 —J. C. Wooley did not forget the
 Herald Office, when he butchered
 a part of his porkers, a liberal al-
 lowance of spare-ribs and backbone
 found its way to this office.
 —In answer to Sox's question
 regarding desert land claims we
 give the following: If prior to Aug.
 1890 one had a homestead and title
 to same, he could still desert 320
 acres, but if a title is obtained to
 homestead since Aug. 30, 1890 he
 can only desert 160 acres, making
 the sum total of 320 acres all the
 government land one man can
 hold.

—Adam Robbins, jr., a young
 man about 23 years old a resident
 of the lake neighborhood, commit-
 ted suicide a few days since, by
 blowing his brains out with a pis-
 tol. We have not heard any cause
 assigned for the rash act of the
 young man. It is said that the
 young man was never very bright,
 in fact what one would term a sim-
 pleton, but that hardly accounts for
 the deed, for according to our views
 such persons are not inclined that
 way.
 —Jim Bridges a sheep herder,
 who is at this time herding for Bod-
 ifelt is reported here as being crazy.
 The deputy sheriff went after him
 this morning. Jim has been writing
 letters to different parties here, that
 there is secret league of some nature
 trying to get him out of the way.
 He accuses two brothers, though he
 does not name them, who are in
 business in Burns of having some
 kind of an infernal machine, by
 which this secret organization works
 an injury to him, and he writes to
 persons here to protect him from
 this secret society and also the in-
 fernal machine used by it for his
 destruction.
 —A great deal of excitement pre-
 vails here over the attempted assas-
 ination of the stage driver, Frank
 Hunt, on the Burns Ontario route
 on the night of the eight inst. The
 attempt to murder "Sandy" as he
 is nicknamed and almost universal-
 ly known, occurred at or near the
 Stenkin water bridge. The would
 be assassin shot from behind his
 horse at short range, the ball enter-
 ing Sandy's body near where the
 breast joins on the left side, as the
 assassin was considerably below
 Sandy the ball ranged upward
 through the left lung lodging some
 where near the shoulder. Sandy
 is still living which proves the ball
 did not touch the heart. Dr. Mc-
 Pheeters attended him and was of
 the opinion when he first examined
 the wound that he was fatally in-
 jured and advised Sandy to make
 his "calling and election sure." Sandy
 made a statement and affidavit to
 which he was sworn by
 Notary Public, M. R. Biggs, as to
 his opinion why some one wished
 to get him killed, every one ac-
 quainted with the facts don't think
 robbery was the object but that
 some one had a grudge at the driver
 and determined to kill him. The
 statement made by Sandy, he
 requested not made public unless
 he died, consequently we have not
 the particulars. The Dr. now
 thinks Sandy will probably recover,
 if so how about his statement? Will
 the Grand Jury take the matter up
 and compel the Notary or Sandy to
 divulge what he believes to be the
 object in having him put out of the
 way?

—William Wooley and family
 came in yesterday on a visit
 —We have Prairie City flour
 for sale.
 —Cabbage for sale by Sam King
 at two cents a pound. Now is the
 time to secure your supply for
 winter.
 —Skating rink at the Young
 Hall, Adeler Racine and Ed Moore
 proprietors.
 —The finest display of lamps we
 have ever seen in our town, is at
 the Hardware store of Chas.
 Voegtly. Lamps of all shapes,
 sizes and patterns. Call and ex-
 amine for yourselves.
 —We stepped in the other eve-
 ning for a quiet chat, with our
 neighbor W. N. Jorgenson, and
 while there was shown some splen-
 did photographs taken by him.
 —Lytle Howard is running the
 meat market on the proper prin-
 ciple to make a success. We went
 into his place yesterday and found
 three or four kinds of sausage,
 sugar cured hams, beef, pork, ducks,
 lard, bread and butter all for sale
 at low figures.
 —William Harvey is sole agent
 for the Salem Woolen Mill Store,
 in this and Grant counties. Blank-
 ets fine as silk, robes inferior to
 none, overshirts and underwear as
 cheap as the cheapest, socks, gloves,
 mittens, overcoats, flannels by the
 yard, cloth by the yard, ladies dress
 flannels, etc. etc. Takes measures
 for men's and youth's clothing
 Call and see him, office at the
 French Hotel.
 RILEY, Oregon, Nov. 10, 1893.
 ED. HERALD: After laboring hard
 all day and eating my supper, I
 take up the late papers to notice
 whether or not congress has done
 anything for the laboring man, as
 yet as I view it I find no relief, al-
 though those that know me cannot
 doubt my democracy.
 Our party although in power has
 failed to carry out its pledges made
 to the people before getting control
 of the present administration.
 These pledges resulted in a land
 slide for democracy, but what do
 we see when we size up results?
 A democratic president been in
 power since last March and repub-
 licans still holding nine tenths of
 the paying offices under the direct
 control of the president. We see
 the Geary chinese act not enforced
 silver demonetized, and the gold
 bugs setting on the throne. No
 money in circulation and thousands
 of honest laborers out of work
 tramping over the country begging
 for bread.
 The money Lords of the east with
 their millions locked up and with-
 drawn from circulation, and who
 never miss an opportunity to drive
 another nail in the coffin of honest
 labor. As the case stands what are
 we to do?
 The republican party has been
 the willing tool of corporations and
 monopolies for years, and did some
 of the most obnoxious class legisla-
 tion of any party that ever existed
 on God's green earth. The best
 and only thing we can do, I guess,
 is to do like Cromwell dissolve the
 Long Parliament and make a few
 wholesome laws to govern members
 of congress, and every congression-
 al district provide itself with several

feet of rope to be used in case of
 emergency.

We have a question here in dis-
 pute which please answer if you can
 correctly viz: A. says you cannot
 obtain a title to more than 320
 acres of government land. B. says
 if you have obtained a title to 160
 acres you can still enter a desert
 claim of 320 acres.

Harney county's artesian well
 boring outfit is in position, and will
 soon commence boring. Artesian
 water, if it can be obtained, will do
 much for Harney valley, and will
 encourage the arid regions of Grant
 and other counties to seek to tap
 subterranean rivers.—Canyon News

An exchange says: "Boys if you
 will take the trouble to work out the
 following problem carefully, it will
 show you exactly what good people
 think of you: Place the year of
 your birth on a piece of paper; add
 your age at your birthday this year;
 multiply the result by 1,000 and
 subtract 678,423. Substitute for
 figures letters of the alphabet, like
 this, a for 1, b for 2, c for 3, etc. and
 read the result carefully."

 cash or certified checks is requir-
 ed, the same to be applied on the pur-
 chase when the sale is continued.

IT PAYS THE BEST AND IS THE SAFEST INVESTMENT I EVER MADE.

There are single retail shoe stores in our large
 cities which sell 2,000 pairs of shoes a day, making
 a net profit of \$25,000 a year. We sell shoes low,
 but we sell a great many pairs, the clear profit on
 our ladies', misses' and children's shoes is at least
 ten cents a pair, and on our men's and boys' shoes
 15 cents a pair. We shall establish shoe stores in
 each of the fifty largest cities of the U. S., and if
 they sell only 500 pairs of shoes a day they would
 earn \$25,000 a year. We should be able to pay a
 yearly dividend of \$5.25 a share, or over 50 per cent.
 a year on the investment. We sell the stock at \$15
 a share. The price must inevitably be much more
 than \$19 a share. No stock has ever been sold at
 less than this price, which is its par value. Stock
 non-assessable. Incorporated, Capital \$1,000,000.
 We have over 1,000 stockholders, and the number
 is increasing daily. Some of the principal stock-
 holders are: T. A. Walling, N. Y.; J. J. Potter, Boston;
 N. A. Reed, Jr., Chicago; J. B. Campbell, Chicago; W. M.
 Kavanaugh, Little Rock, Ark.; L. H. Rich, Chicago; J. F.
 Turner, Philadelphia; B. Harding, N. Y.; E. J. Payne, Baltimore;
 C. M. Smith, N. Y.; F. P. Halliwell, Arcade, N. Y.
 Write for a prospectus containing the names of
 our stockholders, etc., or send an order for stock,
 enclosing cashier's check, cash or money order.
 Orders taken for one or more shares. Price, \$15
 a share.

YOUR FUTURE IS IN YOUR OWN HAND.
 Palmistry assumes to tell what the lines in your
 hand indicate. It will amuse you, if nothing more.
 The above diagram almost explains itself. The
 length of the LINE OF LIFE indicates probable
 age to which you will live. Each BRACELET
 gives you thirty years. Well marked LINE OF
 HEAD denotes brain power; clear LINE OF
 FORTUNE, fame or riches. Both combined mean
 success in life; but you must keep up with modern
 ideas to win it. You will find plenty of these in
 Demore's Family Magazine, so attractively pre-
 sented that every member of the family is enter-
 tained. It is a do-it-yourself magazine. A CLEAR
 LINE OF HEART bespeaks tenderness, a straight
 LINE OF FATE, peaceful life; the reverse if
 crooked. A well-defined LINE OF HEALTH
 spares you doctors' bills; so will the health hints
 in Demore's. No other magazine publishes so
 many stories to interest the home circle. You will
 be subject to extremes of high spirits or depend-
 ency if you have the GIRDLE OF VENUS well
 marked; keep up your spirits by having Demore's
 Magazine to read. By subscribing to it for 1894
 you will receive a gallery of exquisite works of art
 of great value, besides the superb premium picture,
 17x22 inches, "I'm a Daisy!" which is almost a real
 baby, and equal to the original oil painting which
 cost \$300; and you will have a magazine that cannot
 be equaled by any in the world for its beautiful
 illustrations and subject matter, that will keep
 you posted on all the topics of the day, and all the
 facts, and different items of interest about the
 household, besides furnishing interesting reading
 matter, both grave and gay, for the whole family;
 and while Demore's is not a fashion magazine,
 its fashion pages are perfect, and you get with it,
 free of cost, all the patterns you wish to use during
 the year, and in any size you choose. Send in
 your subscription at once, only \$2.00, and you will
 really get over \$25.00 in value. Address the pub-
 lisher, W. Jennings Demore, 23 East 14th St.,
 New York. If you are unacquainted with the
 Magazine, send for a specimen copy. A large QUAD-
 RANGLE means honesty; a large TRIANGLE, gen-
 erosity; long FIRST DIVISION OF THUMB, strong will;
 LONG SECOND DIVISION, reason-
 ing faculty. The MOUNT OF JUPITER betokens
 ambition; that of SATURN, prudence; the SUN,
 love of splendor; MARS, courage; MOON, imagina-
 tion; VENUS, love of pleasure; and MERCURY,
 intelligence. Take our advice above and you
 will be sure to possess the last and most valuable
 quality.
