IT PAYS. THE BEST INVESTMENT I EVER MADE. There are single retail shoe stores in our large cities which sell 2,000 pairs of shoes a day, making a net profit of \$2,000 a year. We sell shoes, but we sell a great many pairs, the clear profit on our ladies', misses' and children's shoes is at least ten cents a pair, and on our men's and boys' shoes it is at least five cents a pair. We shall not be the largest shoe store in the U. S., and if each of the fifty largest cities of the U. S., and if they sell only 500 pairs of shoes a day they would even \$25,000 a year. We should be able to pay a yearly dividend of \$25,000 a share, or even more. The price of our stock is not more than \$10 a share. The price of our stock is not more than \$10 a share.
