The State Convention and Ticket.

The Telegram speaks well of the democratic state ticket and the proceedings of the convention.

The nominations made and ratified by the members of the convention are good, very good, and will at least carry the full party vote, and we hope enough of the opposition and independent element to elect the ticket.

DEMAND FREE COINAGE.

"We reaffirm the position that has ever been maintained by the democratic party, that gold and silver are equally the people's money. We are opposed to all measures of discrimination against silver, and demand free coinage to supply the demands of business, and that all money issued by the government be made a legal tender for all debts, both public and private."

The platform favors the election United State senators by a direct vote of the people.

The following is the most important clauses in the platform after the endorsement of free coinage.

We denounce the act of the last legislature whereby was repealed what is known as "The Mortgage Tax Law," and we demand its re-enactment at the next session.

We demand that all property shall be assessed at its true cash value, and that there shall be deductions only for indebtedness which has a corresponding taxable credit.

We are in favor of liberal appropriations for the improvement of our rivers and harbors, and the adoption of such measures as will tend most speedily to the opening of the Columbia river.

We are opposed to Chinese and all pauper immigration.

We are in favor of the abolishment of railroad and all other unnecessary commissions.

We favor fixed salaries for all public officers and the abolishment of the fee system, and are opposed to an officer receiving more than his constitutional salary.

We condemn as infamous the attempt of the last legislature to tamper with the purity of our elections by so amending the Australian ballot law as to take from it

all its beneficial provisions, and we earnestly oppose any change or modification of said law.

We declare ourselves in sympathy with the just decision of Judge Caldwell, regarding the rights of labor in the recent controversy between the Union Pacific Railroad Company and its employes.

We arraign the last legislature for its waste of the people's money by extravagant and reckless appropriations, and hold the republican party of the state responsible for the shameful and vicious legislation of that body, and we call upon the honest voters of the state to relieve the commonwealth of this incubus upon its industry and prosperity by taking the reins of power from the hands of such incompetent and unworthy servants. The people cannot hope for immunity from corrupt appropriations of public money so long as the party in power is controlled by the combination of spoilsmen which has and will control the republican party of this state.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
