Local News.

"Turn Him Out."

—Walter Cross and his father are in town to day.

BORN—To Mr. and Mrs. Paul Locher residing in Burns, a daughter on the 2nd inst.

BORN—To Mr. and Mrs. Will King residing 6 or 8 miles north of Burns, a son. We are not informed of exact date, but since our last issue.

—We published last week a report, that the small pox was in Lakeview. We are since informed that it is not correct. There is no case of it there neither has there been.

—Ben Brown returned home yesterday from Portland where he has been for some time. He was accompanied by Henry Welcome who has been absent for several months attending an institution of Pharmacy in Chicago.

—We are getting but little mail here, from the East and none from the West. Ontario is under water and the railroad is almost or probably a total wreck from Umatilla Junction to Portland. It is stated that a half million dollars will not repair the damage to the railroad between the two points mentioned.

—The storm of wind hail and rain we had a few days since did a good deal of damage in the Long Creek country, so we understand, besides several lives were lost. On Cow Creek in this county it was a great deal more severe than here, hail stones falling thick and fast the size of hen eggs and larger.

—Mary Caldwell a daughter of Henry Caldwell, residing near town, met with a painful accident a few days since. She in company with Bessie Stenger were riding horseback, Mary's horse became frightened and threw her off injuring one arm, besides other bruises. We are informed her arm was not broken but badly sprained and is giving her much pain.

—The election returns are not yet all in, 4 precincts to hear from. We give the following probable majorities of the county ticket; Rutherford, for Judge, 100; Shideler, Clerk 256; Gittings, Sheriff 234; Geer, Treasurer 52; Sam Miller, Assessor 305; Marks, Commissioner 122.

—Mr. Robertson and wife of Drewsey are in Burns visiting Mr. and Mrs. Harry Thompson. Mr. Robertson reports the irrigating and mill ditch as a grand enterprise for the Drewsey country and in fact for the whole county. It brings into cultivation a large area of sage brush land besides the great advantage of the flouring mill now being erected by Porter Brothers. The mill is certainly a great advantage to all the citizens of our county, and knowing the reputation of the Porter Bros. for fair dealing and the best brand of flour we can heartily join the Drewsey citizens in congratulations

"Sylvia's Soldier."

—The following is part of a land decision rendered by the Department of the Interior in the case of E. D. Newsome regarding his homestead entry on the opposite side of the river from here on what is known as the Indian Reservation. On this tract of land said Newsome published notice of his intention to submit final proof in support of his claim. The land office here suspended Newsome's final proof on account of the Willamette Valley and Cascade Mountain Wagon Road Company's Claim. The Department held that the grant to the company was not a grant of land in place, but a grant of quantity, to be selected from the odd sections within certain boundaries, and that title to any particular tract did not accrue to the company prior to its selection thereof. Although the land has been open for selection since May 30th, 1893, the company has failed to select the tracts in the odd numbered sections or assert any claim thereto. The final proof submitted by Newsome showed him to be a duly qualified claimant under the homestead law, and that he settled upon the land on Oct. 15, 1886, and has continuously resided thereon, and has made improvements to the value of \$300. While the company protested against the final proof of Newsome, the Department finds nothing to preclude its allowance. The office of the Interior Department has advised the Burns Land Office to notify claimant that if this decision becomes final he will be permitted to perfect his entry.

The Post Commander returns thanks to the citizens for help given to make the program a success.

Wool Growers.

Dear Sir: Huntington has advantages for shipping and sale of wool, no other point in Eastern Oregon has, namely: Being the terminus of divisions, the point to which all rates are made east or west bound. We get same to Boston and east as do all points east to Caldwell and lower rates to Portland and San Francisco than the points east of us: Our rate to Boston is \$1.90. We get same rates to Portland and San Francisco as does Baker City and a lower rate east than they.

The above are facts, no town can equal our advantages for shipping or selling. Advances made—hauling charges paid—wool insured immediately. Send your wool in our care. Respectfully, O. C. Co.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
