—Albert Oakerman of Riley, a youth of 15. met with an accident, a few days since which might have been much worse. His father and mother were from home at the time, and Charley Williams, one of Albert's boy friends was staying with him for company, and we presume, for want of something more attractive, they were playing with a pistol, which they supposed not loaded, but to their dismay the pistol was discharged while pointed toward Albert the ball striking the third finger and thumb of his left hand thence making a flesh wound in his breast. He was lying on the bed at the time which position probably saved his life. Albert boarded the stage and came here for treatment. He is not dangerously hurt.

—The many friends of Till Glaze who was killed here the 6th of last month, will be glad to learn that the A. O. U. W. of which lodge he was a member, has ordered the payment of two thousand dollars to his wife and family. Thus you see it is wise to provide for ones family if even they do not get the benefit during our life time.

—The crowd, of which Harry Thompson was one, who went to Stein mountain hunting ten or twelve days since, returned the other day. Harry tells us that the mountain is full of Indians consequently game is scarce. Sizemore to appear at the department in that city in his behalf in the swamp land case in which Mr. Sizemore was contestant and which was decided in favor of him, writes to Mr. Sizemore that the brief of Captain A. W. Waters did him great honor and his cross examination of witnesses was rigid and first class in every particular. He also compliments Ex-Receiver Harrison Kelley very highly for his reasoning in the matter, in fact plainly stating that the decisions of Captain Kelley in that office were more clearly defined more thorough and impartial than those of any officer holding a similar position in U. S. Government.

BURNS WILL LEAD.
She Is Never Behind And We Are Proud Of It.

There is no prouder editor in the back woods of Oregon this week than the one penning this local. And he is proud for four reasons. First and mainly, because John Witzell is, at this particular date, the proudest and happiest man in America and we are proud and elated because of his happiness. He is the father of triplets, born on the night of the 1st. inst. Second reason, he is a resident of our town and we are proud of that. Third the three youngsters are all boys and weigh, respectively 6, 6, and 5 pounds, aggregating 17 pounds, and the fourth reason, the infants are healthy and they and the mother are doing well.

Hurrah! Hurrah!! Hurrah!!!

Senator David Bennett Hill was nominated by acclamation without a dissenting voice for the office of Gov. by the democratic state convention of New York assembled in Saratogo on the 25th day of last month.

The nomination of Mr. Hill, as stated, and the enthusiasm manifested at the convention, which is described as being a scene that baffles description, a scene such as has not been witnessed or equaled in that state since 1876 when Seymour was nominated by acclamation, clearly demonstrates the fact that a conscientious independent honest fearless politician is appreciated and honored by the people in any state in this Union.

Poison Creek.

On last Thursday some unknown person or persons entered Vick Ottmer's dwelling house, and carried away without license Mr. Ottmer's winchester rifle, and a \$35 saddle and a spur belonging to Eugene Hembree. Property stolen valued at about \$50.

And still I have a wagon to exchange for cows, calves, hogs, chickens, grain, or a good horse, broke to work and gentle. But if you are not blessed with the above named property, come anyway and let us have a friendly chat.

Joe Wooley and family have gone to the R. R. for freight, for N. Brown.

Jennie McPheeters returned to her home in Burns last Friday.

Vick Ottmer's grain crop netted him one thousand bushels.

Charles Zeigler's present years crop of grain netted him seven

hundred and forty eight bushels.

Milo Cushion and the Maupin boys moved their thresher from Poison Creek to Bob Copeland's near Harney City.

It is reported that Dave Newman and Tom Allen saw a brown bear a few days ago near Charles Newsome's dwelling house on Poison Creek, and would probably have succeeded in throwing a rope on Mr. Bruin had he not found refuge in the dense brush, and thus made his escape good.

Father Taylor on Poison Creek says he saw a panther near his place a short while ago.

Vick Ottmer got a letter from his father stating that it would be money out of pocket to bring horses to California as there is absolutely no sale for such property there, therefore Mr. Ottmer will not take horses as he had purposed, but will go there by railway.

Carl Figtly gave us a short business call the other day.

L. B. Culp is in Burns painting for Mrs. Racine and Dr. Maraden.
