

THE failure of crops the last several years, in this government, is greatly to be deplored, the suffering starving thousands of our citizens, whom our law-making body is weeping for, but find it impossible to help, and this same power has declared the peoples money out of fashion, and their being lots of gold to buy the necessaries of life, but alas! none for sale. Congress can make silver equal to gold, but congress cannot make the crops grow. There are openings everywhere for labor but how can these poor laborers work without something to live on, we have plenty of money in circulation to employ all these poor men and women but in the absence of something to eat and wear, how is it possible for us to employ them.

Congress has provided ample means in the way of currency and put in circulation, this of course was done especially for the people, because congress and the administration, have nothing but the good and welfare of our people at heart, and will not allow capital or monopoly influence to turn them from their duty.

The Wall Street monopoly, the banking monopoly, the railroad monopoly, the English Aristocracy monopoly, have no influence or power to win our congress and administration. The poor starving thousands know the government cannot make the crops grow, and so it is we have to grin and bear our misfortunes till providence hits a frowning countenance and smiles upon us.

THE people of Nebraska, or many of them, are in destitute circumstances, and an appeal is being made through all the news papers for their relief. As a general thing the citizens of all communities, since the iron grip of monopoly has been inaugurated, have at home use for what little surplus our masters have not gobbled up, and as charity begins at home, the poor and destitute of Nebraska, in this God's own country and best government, so said, the sun ever shone on, are in a bad row for stumps.

Congress is now in session but little things like the starving people of Nebraska, does not disturb that worthy assembly, it's of no consequence, when compared to the enormous duties resting upon the members of that board of justice and equal rights. We must remember they have their masters to serve, selling bonds, preparing to issue more, throwing obstacles in the way of legislation advantageous to people, just situated as the starving citizens of Nebraska are. They must get up, and introduce bogus currency bills, to deceive the people and tucke Wall Street, in fact they must do everything possible except the right thing. \$100,000,000, in bonds have been issued, by this all-wise government, which many say is contrary to the constitution, for the benefit of the rich. Would it be any more of a stretch on the constitution to appropriate a few dollars for the suffering citizens of Nebraska?

I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea Remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my house work. Mrs. W. L. Dunagan, Bon-aqua, Hickman Co., Tenn. For sale by H. M. Horton.

While in Topeka last March, E. T. Barber, a prominent newspaper man of La Cygne, Kan., was taken with cholera morbus very severely. The night clerk at the hotel where he was stopping happened to have a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and gave him three doses which relieved him and he thinks saved his life. Every family should keep this remedy in their home at all times. No one can tell how soon it may be needed. It costs but a trifle and may be the means of saving much suffering and perhaps the life of some member of the family. 25 and 50 cent bottles for sale by H. M. Horton.
