—At Greenfield Indiana, on the 3d of third of this month a whole family, Guss Morton, wife and three children attempted to suicide. They were found in an unconscious condition. Mr. Morton, and the children were restored, but it is thought Mrs. Morton will die. Cause destitute circumstances, and could not procure work. This family was not included in the lumber who shook hands with the President on Newyear's day. There is a good time coming etc, after all the poor folks starve to death.

—Samuel Newsome and Mr. Dersey of Prineville have been in our town for several days. They are on their way home from the south and east where they were disposing of horses. These gentlemen do not speak well of the market, Mr. Newsome says he did not make anything on his horses, and further states that he knows of persons who went from Oregon to that market with horses and were compelled to borrow money to come home on. As an average of his sales, Mr. Newsome calculated what he made on eleven head of his best horses, clear of expenses except from his home to the R. R. and from the R. R. back to his home. This average was \$14.34 a head, now take this last mentioned, expense from the amount and see what is left.

—Benjamin Vantile, colored, celebrated his 114 anniversary on the first day of this month. He is a resident of Hoosic Falls, New York. He remembers having the honor of shaking hands with Geo. Washington at Albany when he, Vantile, was 13 years old.

—Remember The Burns is now under the control of Mr. Lee Lucas a gentleman of culture, courteous to every one, having no favorites and all who patronize the house will meet with the same gentlemanly courteous treatment, which will induce them to come again.

—New Saloon in town R. E. Reed proprietor. Between the French Hotel and the Red Front livery stable. Engraved on brass plate on double door "Push. Just push and it will open, walk in and treat yourself to any thing in the warming up line, that is taken inwardly to cheer the heart and relieve the ennui. Cigars also the best.

The town council has passed a good and wholesome ordinance. Among other requirements boys must be off the streets at eight o'clock, and persons without visible means of support must quit the town or suffer the consequences. And then, again, it deals rather roughly with those persons created in the image of men, who would surreptitiously live off the charity of mortals of the pachydermatous kind. —Canyon News.

—A deed of gift from Governor Penoyer and wife has been placed on record in the recorder's office of Multnomah county, in which the granters deed to the city of Portland a plat of land comprising 1815 acres, the consideration in the deed being that the said city of Portland shall devote the land to the use of its citizens as a public park. The location is said to be admirable. Governor Penoyer has also endowed a chair in Williams College, Massachusetts, and has given \$500 toward a memorial for his son at the same institution. Governor Penoyer endowed the chair, \$3500 therefor, in honor of his son, Horace Penoyer, who recently died while attending that institution. The young man was very much respected by his fellow students, who secured \$200 by subscription for a memorial in the chapter house of the Alpha Delta Phi society and informed the Governor of the matter. The latter immediately sent his check for \$500 to be used for the same purpose.

—Harry Smith is taking lessons in type setting in the Herald office.

—The White House Newyear's day reception was a brilliant affair. The members of the Cabinet, Congress and the Senate who were present, had no thought of the suffering thousands, without food, clothing, and all the comforts of life who are daily praying for justice and better laws for the protection of the poor and laboring classes of our nation. Oh God! This free man's government, This equal rights government. Better say this farce, where the monied sharks control all legislation and the poor are made to suffer and work for their masters, who are laying up treasures, the reward to be reaped in a much hotter climate than this.

—Three hundred prominent and representative members of the Populist party met in conference at the Lindell Hotel St. Louis Mo. on the 28th. of December. Coxe made a 20 minute speech, relating almost entirely to non interest bearing bonds and good roads. He was frequently applauded. The following resolution was passed by the conference: Resolved, That we, acting in the name of the People's Party, denounce the imprisonment of Debs and his associates as an invasion and destruction of our most cherished institutions, and attempt to substitute for the time-honored principle of trial by jury the arbitrary and absolute power of judges to prostitute the trust given to them by the people to use for the advantage of corporations and monopolies.

The public installation, of the officers of Harney Lodge No. 77, I. O. O. F. last evening was very pretty and imposing, we don't say brilliant for that implies a grand parade music by the band etc, but we do say it was a decided triumph and every one speaking of it pronounced it good, very good.

The short speech (C. W. Parrish, who delivered it will not allow us to call it an oration) told more in a few words, for the good and prosperity of the order, than any talk it has been our pleasure to listen too in the town, to give the ladies opinion, who were present "it was awfully nice," and the gentlemen's "it was excellent, short and to the point." The grand officers performed their respective duties with credit to themselves and the order, we will give their names and rank viz: J. W. Sayer, D. D. G. M.; S. E. Joy, G. M.; P. F. Stenger, G. W.; M. L. Lewis, G. R. S.; W. W. Johnson, G. P. S.; B. D. McIntyre, I. G.; H. E. Thompson, G. T. The officers installed for the ensuing term are the following; J. C. Wooley, N. G.; O. D. Rusk, V. G.; W. C. Byrd, R. S.; W. Y. King, P. S.; H. M. Horton, T.

The dance after the installation parties are speaking of it as being the very best ever had in Burns and the supper given at The Burns probably has been equaled but never surpassed in the town. The choir did its part to perfection as usual and we must say our singers deserve much credit for their untiring efforts at all times to the neglect of their business and pleasure and without price they are always ready and willing to prepare music for our entertainments.

A Legislative Session provokes more newspaper comment than almost any other subject of public interest. The last two Oregon law making bodies afforded much material for interesting discussion, and the next general assembly will be no exception to the rule. Whatever occurs the public knows that the Daily and Weekly Capital Journal of Salem will give correct reports of its work as well as intelligent discussion of the same. If you want to know what is done, how it is done, and why, you should read the Capital Journal. It is the first One Cent Daily published on the Pacific coast, and is conducted in the interest of the people. The Daily will be sent you a year for \$3.00, four months for \$1.00 per year. Like the Daily it is payable cash in advance, and no paper will be sent after your time expires. Positively "no-pay no-paper." The Journal is a modern newspaper run on modern methods. It is conducted in the interest of the people editorially as well as in a business sense. Its editor being a member of the lower house, his editorial work will be doubly interesting this winter. Order it at once.
