Local News.

—J. F. Mahon and E. H. King were in town last Monday.

—There were 135 bills introduced in the legislature on the 17th.

—John Sweitzer is doing most excellent work in his line at prices very reasonable.

—Register Jones went to Vale this week. He will probably be absent a week or ten days.

—There will be a Masquerade Ball at the Armory Hall Feb. 14th 1895 Notice ad. next week.

—While the Shilocks and gold standards hold their grip on this government's throat there can be no prosperity.

—We see notices posted, for a special meeting of our school district, next Friday at 2 o'clock in the afternoon, to levy a tax sufficient to pay the interest on our school bonds and other district indebtedness.

—We notice two bills introduced by our senator A. W. Gowen, one relating to location and relocation of county seats, the second for a more efficient organization of the state militia.

—J. B. Huntington got the position of reading clerk in the senate the present term. Joe Simon is speaker of the Senate and C. B. Moores is speaker of the house.

—We hope our legislative assembly will not forget the necessity of making provision for each county to have its own prosecuting attorney at a salary, whose duty outside of his regular work, will be to assist the county officers when his legal advice is wanted, and each county its own representative.

—On the 17th the Oregon house voted against the free coinage of silver. Burleigh a populist member from Wallowa, introduced a concurrent resolution instructing Oregon's senators and representatives in congress to use all honest endeavors to secure the passage of a law providing for the free and unlimited coinage of silver at a ratio of 16 to 1. A motion carried that it should be laid on the table 35 affirmative votes and 23 negative. Poor Mr Smith from Josephine, with the moss still growing around his "navel" with cobwebs in his hair and his whiskers matted together for want of currying, facetiously moved to have the word copper substituted for silver. We guess he set up the night before with his brother Dolph.

—The little Gem Saloon, is a "gem" in every particular. Bob Reed proprietor. Bob says, "come and see me".

—A petition is being prepared at Eugene, to the legislature asking that body of lawmakers to pass an act preventing Indians hunting off their respective reservations. We sincerely hope the legislature will pay attention to this matter, for the game is being rapidly exterminated by the red skins and unnecessarily, for the Indians slay hundreds of deer just for their hides.

—The sale of the Oregon Pacific to Benner & Hammond of Missoula Mont. for \$100,000 was confirmed at Corvallis on the afternoon of the 19th inst. by Judge Fullerton. Objections offered by certificate holders and creditors were overruled. Notices of appeal were served in the case, but not perfected. The appellants are Walter Nash, Wm. M. Hoag and others. The road is now in possession of Bonner and Hammond with Chas. Clark, as superintendent.

—We received a letter this week from Jack Gregg, who is now residing in Canada. He says the thermometer on the 2nd of this month dropped down to 32 degrees below zero at the place he is living, but to take winter through up to this time it has not been severe. Stock on the range is doing well. He likes the country where he is very well, there is plenty of timber, water and grass. He writes, the streams are alive with fine trout.

—Mrs. M. D. Smyth who died at her home in Diamond Valley, on Tuesday the 15th inst., was an old pioneer having been a resident of this isolated portion of Eastern Oregon for we suppose 20 or more years. The family were residing in Happy Valley in 1878 when the Piutes and Bannocks were here on the war path, her husband and eldest son were murdered, at that time by the Indians. Some of the Indians are here now who took part in that outbreak, and one old "Tabby" who claims he was present at the murder of Mr. Smyth and his son.

Give that fellow who claims to be a business man, and is too miserly or too poor to advertise his business, a wide berth, for he will surely skin you if he gets a chance. His greed for gain or his poverty won't allow him to do otherwise. — Items.

The State Tax Levy.

The state board composed of the governor, secretary and treasurer have agreed upon the following levy for 1895.

The state expense, deficiencies for 1894, is \$624,624. this includes current expenses of state militia \$30,000 and \$30,000 for the support of the state university. The estimate deficiencies of funds of 1894 amounting to \$61,000. The board has set apart to meet the expenses a balance of \$217,842 saved out of funds heretofore levied for the expenses of 1893 and 1894, and the miscellaneous receipts of 1895, amounting to \$25,485, making a surplus of \$243,326.

This leaves a balance of \$451,198 to be raised and takes a three mills tax as estimated by the state board of equalization.

This levy is lower than for many years, and the surplus is the largest.

Harney county's state tax is \$4,689.82. Crook is \$4,697.33 Grant is \$4,003.96, Malheur is \$2,847.55. The largest is Multnomah \$161,370.98, the next is Marion \$29,256.20. Our readers will note the fact that the amount the outgoing administration has saved out of the legislature's appropriations, [\$471,000] is larger than the entire sum to be raised by taxation [\$451,198.15]

A Legislative Session

provokes more newspaper comment than almost any other subject of public interest. The last two Oregon law making bodies afforded much material for interesting discussion, and the next general assembly will be no exception to the rule. Whatever occurs the public knows that the Daily and Weekly Capital Journal of Salem will give correct reports of its work as well as intelligent discussion of the same. If you want to know what is done, how it is done, and why, you should read the Capital Journal. It is the first One Cent Daily published on the Pacific coast, and is conducted in the interest of the people. The Daily will be sent you a year for \$3.00, four months for \$1.00 per year. Like the Daily it is payable cash in advance, and no paper will be sent after your time expires. Positively "no-pay no paper." The Journal is a modern newspaper run on modern methods. It is conducted in the interest of the people editorially as well as in a business sense. Its editor being a member of the lower house, his editorial work will be doubly interesting this winter. Order it at once.
