REV. GIBSON, Pastor.

Local News.

-27 degrees below zero on the 27 inst.

-John Muldrick of Canyon City, is registered at the Burns.

Ranchers report stock doing very well this cold weather.

-J. F. Mahon was in town two or three days of the last week on legal business

-Herman Lauen and Mr Haggerty, the latter a teacher now teaching the school in the Lawen district, were in Burns last Saturday and Sunday.

-Miss Clara Stenger left here last Monday on the Canyon City stage for Baker City, where she will be a pupil in the "Sister's School" until the expiration of the present term.

-Our Marshal is having some trouble collecting hotel assessments. The hotels argue that boarding houses have the same right to pay license that hotels have.

-We hope our school board of directors will now, as spring is nearly here, take immediate steps towards building the school house the district is already bonded for and the money on hands. The tax-payers does not want to pay interest on money lying idle.

-We see our senator records his vote every "rattle from the box" in favor of Mr. Dolph. We do not know anything of the personal friendship existing between the two, but we do know that members of our legislature are elected to serve the element by whom elected. Personal likings and dis-likings are not the component parts to be represented by a representative elected by the people to express their wants and work with a will for what the electors desire. All of our readers know this senatorial district to be largely in favor of the free coinage of silver, then is Mr. Gowan representing his constituency when he records his vote for U. S. senator directly in opposition to this feeling of the voters of his district. Hon. O. L. Patterson, our county representative puts himself on record representing the true status of the two counties he is there to represent. What would Oregon think of her assembly sending a gold standard representative to U. S. senate when three fourths of her voters are bitterly opposed to a single gold standard? And moreover, what will be the result of these repeated blows at the wants of people, given by law makers who are elected to do one thing but do the opposite?

-There will be a Masquerade Ball at the Armory Hall Feb. 14th. 1895. Notice ad. in this issue.

-The little Gem Saloon, is a "gem" in every particular. Bob Reed proprietor. Bob says, "come and see me".

-The coldest weather of the winter here, has been the last week. The minimum thermometer registered 27 degrees below zero on the night of the 26th.

-Its a poor rule that don't work both ways; "just so," says the toper, "I take whiskey, straight, in winter to warm me and in summer to cool me."

-The mask ball at the Armory Hall to be given on the evening of the 14th of February will certainly be a success, every effort to that end is being made by the committee. The very best music will be provided for the occasion.

-The ballet in the senatorial contest at Salem last Saturday convinced Dolph, probably the first in his life' that neither himself, nor the ring, can control the members of the legislature, who wish to serve the people and are determined to faithfully perform that duty in the election of a U. S. senator.

-At the special school meeting last Friday afternoon a five mill tax was voted to pay interest on school bonds and district indebtedness. According to statement made by school clerk, Horace Dillard, \$900 will pay the indebtedness of the district including the interest on bonds. The assessable property in the district amounts to \$178,640 a five mill tax will amount to \$893.20 so if the whole of the levy is collected we will be about even with the world regarding district indebtedness, about one third of this tax will be paid by the Road Company.

-The following resolution was passed by the Idaho House of representatives on the 25th inst;

Resolved, By the house of representatives of the state of Idaho, the senate concurring, that cheer and greeting be sent to the members of the legislature of the state of Oregon who are opposing the re-election of a United States senator opposed to the unrestricted coinage of silver, and who is not the choice of the majority of the electors of the said state of Oregon.

-Some little time since a statement appeared in a Baker City paper, concerning a large fortune being left by one Stein, who died in South Africa some time ago. The only heirs to this fortune was two nephews, of the deceased, who were supposed to be alive at the time of his death, and living in Eastern Oregon. L. B. Stein, an old German soldier, and our neighbor living on the Chas. Voegtly ranch, is one of the nephews, but he says his brother is dead thus leaving him (L. B. Stein) the only surviving heir to the large estate. It so happened the attention was not given to the statement that should have been and now Mr. Stein is in somewhat of a quandary as to the time of his uncle's death his P.O. Address at the time etc. He knows his uncle went to South Africa, but has heard nothing of him since, until this report of his death and leaving his fortune to his supposed living, two nephews. The newspaper fraternity may be able to assist Mr. Stein in getting information and we feel assured the effort will be made.

-Thomas Vickers, o. Harney, was in town yesterday.

BORN-To Mr. and Mrs. I. S. Geer, on the evening of the 22nd inst a baby boy.

-A. Venator, Geo. Morgan, Prof. McCann and wife, Judge Rutherford and O. J. Darst, visited our town since our last issue.

-The senatorial situation is practically unchanged, Dolph 42 not enough to elect. Dolph mer are discouraged.

-The firm of I. S. Geer & Co have already received a supply of garden seeds. This firm will send out quite a number of circulars, the latter part of this week, to the ranchers of our county, relating to its prices for seeds. Don't send off for seed when you can get just as good a quality at home and for the same price.

-J. F. Boyle, photographer, is still here. A rare opportunity is presented to all who have not already supplied themselves with samples of his excellent work. Remember his prices, \$3.00 per doz. for cabinets. He guarantees to please even the most fastidious.

-The World Almanac and encyclopedia for 1895, is the best reference book printed, it contains over 500 pages and treats of 1,400 topics. Remember any one paying the subscription price for the HERALD and 10 cents extra will get this valuable encyclopedia and the HERALD for one year. Send or bring in your subscription.

-Senator Gowan has introduced the following bills, in the senate, since our last issue viz: one, for the relief of Harney for tax assessed which could not be collected, by reason of erroneous assessment. Mr. Gowan asked the unanimous consent to introduce a bill, providing for establishing a graded school in Burns Eastern Oregon. The bill of Gowan No. 8 for a more efficient organization of the militia. This corrects the repetitions and uncertainties of the present law etc: It also provides for the organization of the whole militia force when necessarily called out which has not hitherto been done. Another bill by Gowan-Incorporating the town of Burns.-Gowan-Providing for criminal trials on information.-Gowan-Amending sections of the criminal code.

School superintendents have been notified by State Treasurer Metschan that there will be no further apportionment of state school money for the present. The reason assigned is that there has been but very few of the semi-annual interest due January 1 on the state school fund now loaned out paid in, and, owing to the hard times, the state does not feel disposed to push its collections, as the accounts are all good, and suing would not hurry matters, but produce a lot of foreclosures with no one to bid on the land. He is unable to say just when there will be another apportionment, but the probabilities are that it will not be for some time.-Sun.

Awarded Highest Honors-World's Fair.

DR. PRICE'S CREAM BAKING POWDER MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 YEARS THE STANDARD.

A Legislative Session

provokes more newspaper comment than almost any other subject of public interest. The last two Oregon law making bodies afforded much material for interesting discussion, and the next general assembly will be no exception to the rule. Whatever occurs the public knows that the Daily and Weekly Capital Journal of Salem will give correct reports of its work as well as intelligent discussion of the same. If you want to know what is done, how it is done, and why, you should read the Capital Journal. It is the first One Cent Daily published on the Pacific coast, and is conducted in the interest of the people. The Daily will be sent you a year for \$3.00, four months for \$1.00 per year. Like the Daily it is payable cash in advance, and no paper will be sent after your time expires. Positively "no-pay no paper." The Journal is a modern newspaper run on modern methods. It is conducted in the interest of the people editorially as well as in a business sense. Its editor being a member of the lower house, his editorial work will be doubly interesting this winter. Order it at once.

HOFER BROS., Editors, Salem, Ore.

-John Sweitzer, carpenter, undertaker and cabinet-maker. His workshop is the old restaurant building. Mr. Sweitzer guarantees his work at prices to suit the hard times. Coffins made to order. Will take produce partly for work and balance in cash.
