Paris March 3—The year 1895 will be a remarkable one, both from an astronomical and religious point of view. On Good Friday next (April 12), the heavenly bodies which gravitate round the sun will be in exactly the same position they occupied in the firmament the day Christ died on the cross.

It will be the first time such a thing has occurred since that great day, just 1862 years ago. That was the 33d year of the Christian era, which dates from the birth of Jesus Christ. At 4:20 in the morning (Paris time) about 11:20 P. M. April 11 (New York time), the moon will pass before Virginis [Spica] and hide that constellation for over an hour.—Sun.

While at Peekskill, N. Y., Mr. J. A. Scriven, a prominent manufacturer of New York City, purchased a bottle of Chamberlain's Cough Remedy. Such good results were obtained from its use that he sent back to the druggist from whom he had obtained it for two more bottles of the same remedy. When you have a cough or cold give this preparation a trial and like Mr. Scriven you will want it when again in need of such a medicine. It is a remedy of great worth and merit. 50 cent bottles for sale by H. M. Horton.
