—Mrs Alice Kenyon came in on the Ontario stage yesterday morning. Mrs Kenyon has been in Salem for eight months past, where she has had her children in school, two girls and three boys. Two of the boys came home with her, the girls and one boy are still in Salem.

BROKEN LEG—Last Thursday Perry Maupin, son of Geo. Maupin residing near this place, had his leg broken. He was horse back going home from town in company with an older brother, and we believe two or three others, Perry is 12 years old, and as we understand it, all of them were running their horses. Perry lost control of his horse, the bridle rein broke, and the child became frightened and jumped from his horse resulting in a broken leg. We are very sorry for the lad, he is a bright little fellow, and the pain of a broken limb is hard to bear.

—We had the pleasure of visiting Harney and being present at the closing exercises of Prof. Newells winter term of school in that place, last Friday. The pupils of the school acquitted themselves very creditably, indeed, and the school reflects credit on pupils, teacher, and patrons.

WEDNESDAY'S FIRE.

The citizens of this place were rudely awakened from their slumbers at 2 o'clock Wednesday morning by a vigorous ringing of the fire bell. No one needed to enquire for the location of the fire, for the city jail and the open building adjoining it, the old engine house, were a mass of flames. Since the drill of the fire company last week, some one had been tampering with the engine, and it was 10 minutes after it was set at the cistern in front of Fuller & Co's. brick before it could be made work.

Conflicting statements were current among the crowd about a man being in the jail. Some said there was, others denied it, but on the arrival of Marshal Dodson, who lives in Newsom addition, the matter was put to rest. Mr. Dodson stated that just prior to retiring, at 11 o'clock that night, he had arrested Frank McNally for boisterous conduct at O'Neil's saloon and locked him in the jail. When this was made known, the building was entirely cnwrapped in flames, and nothing could be done to rescue the man confined in the burning jail. After the engine begun to work, the flames were soon subdued, and sure enough, the charred remains of McNally were found in the embers. He was lying on his face, and both feet and hands burned off, his back and shoulders were badly charred and the skull was mostly gone.

How the fire originated will probably never be known. From the statements of those who discovered the fire, the jail was surely fired from the inside, and it is only reasonable to suppose that McNally set the straw tick of the jail bed on fire, either intentionally or accidentally.

Coroner Pringle took charge of and held an inquest over the remains, summoning J. P. Combs, Ed. Harbin, S. T. Black, T. R. Curl, C. W. Elkins and J. N. Guilford as jurors. After enquiring into the particulars of the case, the jury rendered the following verdict:

"Ferdinand McNally, aged 38 years, came to his death by burning in the city jail Wednesday morning, March 27th; cause of fire unknown."

The remains of McNally were buried in Prineville cemetery Wednesday afternoon, Elder Wade conducting services.—Prineville Review.

—The Havana press drill for sale at the hardware store of C. H. Voegtly is a new one. Mr. Voegtly offers it for less than cost for cash, because he wants the money.

—The two peddlers of ready made clothing, who were here last September will be here again in a few days with a full supply of gents clothing, undr wear etc. Prices cheaper than the cheapest.

—In a letter received from our old friend Geo. Duncan, a resident of Silver Lake, he informs us that Mrs. Tony Labree one of the victims of the Silver Lake holocaust, died of her injuries the 20th of last month. Doc Snelling's little girl is the only one left, who was badly burned and it is doubtful if she gets well. He writes the winter has been fine there and stock wintered well. There is a good deal of farming this spring quite a large acreage of grain sown Chas Comenger, a resident of this county had been in that community a few days before and bought a small band of cattle. He writes that Teel Duncan is breaking two connor colts 3 and 4 years old respectively, for the summer racing. His Mongolian pheasants wintered well and stays near the ranch. He says it is quite a relief to the tax-payers that the 72 republicans, 8 democrats and 10 populist, who held out at Salem last winter, had been sent home.

Huntington To The Front.

To Patrons—Huntington is now the envy of competing points in a Railroad sense in particular, we have advantage over all, we are now a competing point for two R. R. lines the Union pacific and O. R. and N. Co's. We have the choice of two roads and each one after your business. No better rates can be gotten at any point than here on wool and other goods send your wool to Huntington and get benefit in prices received by cut rates on either road the O. R. & N. Co. will prevail on you to ship to other points on their road than Huntington thereby controlling your shipments and cutting off the U. P. Ry. and the O. R. & N. Co. agents may visit you and make statements to the contrary but bear in mind they are looking for their own interests not yours. No point offers greater advantages than Huntington. None can work for less wages, no point will have more wool buyers, our charges as low or lower than others, this being true is it possible considering above conditions that any point can do as well by you as Huntington? We are here to stay and give you square deals our past record is our recommendation. Don't be misled by agents or others statements ship your goods, wool etc. in our care.
