

Oregon Legislature.

CONCLUDED.

The legislature's added receipts to the secretary's office, which pays its incumbent \$18,000 a year. It cost not less than \$10,000 clerks hire the most of this was superfluous as the clerks, or at least most of them did nothing but lobby for Dolph, so the state government hired men to electioneer for a senator, and all of us are taxed to pay this electioneering money.

The Governor's private secretary is allowed \$3,600, the half of it is enough besides he is allowed \$1,600 more for clerical aid. The secretary of state clerk hire, or rather he is allowed for clerk hire, \$15,560, this is preposterous, nevertheless true. School Supt. is allowed for clerk hire and traveling expenses \$4,600.

The office of Atty. Genl. is \$6,000 per annum which all of us help to pay and it is not worth one farthing to any of us. Maintenance capitol \$3,340, lighting the same there is \$9,200 more all wed. There is also \$6,000 appropriated for East Oregon Fairs, and we cannot see for our lives where we are benefited the fair business is a farce, but it is a good place for sporting men to meet, gamble and horse race and we pay for it.

The public printer gets \$60,000 when we believe any sensible man should say the third of that amount is more than sufficient. And so on it goes until the amount of useless expenditures appropriated reach half the state tax.

And now we come to the militia, for its share of condemnation, here is a large amount paid out for no earthly purpose. While appropriating for the military, why did they not further, or not begin at all, appropriate pay for the men? Then at least it would do a few some good, but the men get no pay, but glory, and of course the drill and other necessary time taken up in military performances, interferes just that much with the business and calling of each member.

Shakespeare said, "if subjects were wise, kings wouldn't wage war." How true the remark.

CLEVELAND in his letter to the Chicago committee says: "What is now needed more than anything else is a plain and simple presentation of the argument in favor of sound money." In this time of misfortune and depression the people are willing to listen to any remedy for their unfortunate condition.

His policy before and since the repeal of the Sherman law so he says for a sound, good, and stable money; he said and still adheres to it, that he is opposed to free coinage of silver. He confidently predicted a return to good times on the repeal of the Sherman law, and hoodwinked the members of congress, they believing he would be magnanimous enough to listen to the prayers of the people and approve a free coinage bill.

How sadly, the free coinage members of congress and the people who put Cleveland in his present position, were disappointed. The Czar of Russia would not dare

to do to his subjects what our dictator presumes to do to a free and enlightened people.

Did the good times come? And did the glad smiles of prosperity again enter the homes of the farmer and laborer after the repeal of the Sherman law? Has a single prediction of this would dictator come to pass?

Has he in any instance kept his pledges to the people, because the Chicago platform upon which he was elected contains his pledges, or if not he had no business to accept the nomination.

We now look to him for an explanation why the repeal of the Sherman act does not or did not relieve the financial distress.

But instead of him, like a man, acknowledging his error and trying to make amends for his obstinacy or open dishonesty he still persists in the same course and goes arm in arm with the bankers, corporations and shysters of the world. He, big people, little you. He proposes to send out a few of his kind over the country to if possible still further "gull" the people into the belief that he is right.

His great financial abilities were shown in the recent sale of bonds to his pets, the Rothschilds at a loss of \$9,000,000.

Does Cleveland think the people of this government nothing about the history of this country, and the depression that immediately followed the demonetization of silver in 1873 and has continued to the present time.

The financial policy of Jackson, Jefferson and our fore-fathers suits the people of this country admirably. And we believe every honest man who is posted with regard to us.

I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea Remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles.

I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my house work. Mrs. W. L. Dunagan, Bonanza, Hickman Co., Tenn. For sale by H. M. Horton.

While in Topeka last March, E. T. Barber, a prominent newspaper man of La Cygne, Kan., was taken with cholera morbus very severely. The night clerk at the hotel where he was stopping happened to have a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and gave him three doses which relieved him and he thinks saved his life. Every family should keep this remedy in their home at all times. No one can tell how soon it may be needed. It costs but a trifle and may be the means of saving much suffering and perhaps the life of some member of the family. 25 and 50 cent bottles for sale by H. M. Horton.
