HORTICULTURAL QUARANTINE REGULATIONS.

At a special meeting of the Oregon State Board of Horticulture, held in Portland April 2, 1895, all members present, the following regulations were adopted, in accordance with the laws regulating such matters, and are, therefore, binding upon all persons. The regulations are to take effect and be in force from and after May 4, 1895.

RULE 1—All consignees, agents or other persons, shall, within 24 hours, notify the quarantine officer of the State Board of Horticulture, or a duly commissioned quarantine guardian, of the arrival of any trees, plants, buds or cions at the quarantine station, in the district of final destination.

RULE 2—All trees, plants, cuttings, grafts, buds or cions, imported or brought into the state from any foreign country, or from any of the United States or territories, are hereby required to be inspected upon arrival at the quarantine station in the district of final destination; and if any such nursery stock, trees, plants, cuttings, grafts, buds or cions are found to be free of insect pests and fungus diseases, the said quarantine guardian shall issue a certificate to that effect. And furthermore, if any of said trees, plants, cuttings, grafts, buds or cions are found infested with insect pests, fungi, blight or other diseases injurious to fruit or fruit trees, or other trees or plants, they shall be disinfected and remain in quarantine until the quarantine officer of the State Board of Horticulture or the duly commissioned quarantine guardian can determine whether the said trees, plants, cuttings, grafts, buds or cions are free from live injurious insect pests or their eggs, larvae, pupae, or fungus diseases before they can be offered for sale, gift, distribution or transportation. All persons or companies are hereby prohibited from carrying any trees, plants, cuttings, grafts, buds or cions from without the state to any point within the state beyond the nearest point of its line or course to the quarantine station in the district of ultimate destination; or from any point within the state to any other point therein, until such trees, plants, cuttings, grafts, buds or cions have been duly inspected, and if required disinfected as hereinbefore provided, and all such shipments must be accompanied by the proper certificate of the inspecting officer. Provided, however, that after such persons or company have given the proper officer four day's notice, he or they shall not be required to hold such shipments further, without directions from such officer.

RULE 3—All peach, nectarine, apricot, plum or almond trees, and all other trees budded or grafted upon peach stock or roots, all peach or other pits, all peach, nectarine, apricot, plum or almond cuttings, buds or cions, raised or grown in a district where the "peach yellows" or the "peach rosette" are known to exist, are hereby prohibited from being imported into or planted or offered for sale, gift or distribution within the state of Oregon.

RULE 4—All trees, plants, cuttings, grafts, buds, cions, seeds or pits arriving from any foreign country found infested with insect pests or their eggs, larvae or pupae, or with fungi, or other disease or diseases hitherto unknown in this state, are hereby prohibited from landing.

RULE 5—Fruit of any kind grown in any foreign country, or in any of the United States or territories, found infested with any insect or insects, or with any fungi, blight, or other disease or diseases injurious to fruit or fruit trees, or to other trees or plants, is hereby prohibited from being offered for sale, gift or distribution within the state.

RULE 6—Any boxes, packages, packing material and the like infested by any insect or insects, or their eggs, larvae or pupae, or by any fungi, blight, or other disease or diseases known to be injurious to fruit or to fruit trees, or to other trees or plants, and liable to spread contagion, are hereby prohibited from being offered for sale, gift, distribution, or transportation until said material has been disinfected by dipping it in boiling water and allowing it to remain in said boiling water not less than two minutes; such boiling water used as such disinfectant to contain in solution one pound of concentrated potash to each and every ten gallons of water.

RULE 11—Animals known as flying fox, Australian or English wild rabbit, or other animals or birds detrimental to fruit or fruit trees, plants, etc., are prohibited from being brought or landed in this state, and if landed shall be destroyed.

RULE 12—Quarantine stations: For the fifth district, comprising the counties of Umatilla, Union, Baker, Wallowa, Malheur, Grant and Harney shall be Milton and Pendleton. G. A. Hobbs quarantine officer, or any member of the board or the Secretary thereof.

RULE 13—Importers or owners of nursery stock, trees or cuttings, grafts, buds or cions, desiring to have such nursery stock, tree, plants, cuttings, grafts, buds or cions inspected at points other than regular quarantine stations may have such inspection done where required; provided, however, that such importers shall pay all charges of inspection. Such charges and expenses to be paid before a certificate is granted.

Transportation companies, or persons and consignees or agent shall deliver and cause to be detained all nursery stock, trees, plants and fruit at one or other of the quarantine stations, for inspection, as provided by the rules and regulations of the board.

Details as to quarantine stations, officers, fees of inspection, recipes for disinfection and all desired information may be obtained on application to the secretary or any member of the Board or by reference to the pamphlet circulated.

Passed at a meeting of the State Board of Horticulture at Portland, Oregon, April 3, 1895.

J. R. CARDWELL, President.

Attest: George I. Sargent, Secretary.

—To all subscribers of the E. O. HERALD and those in arrears, who will pay up and renew, we will send the Semi Weekly New York World free for six months. For reliable News there is no better paper than the World.

I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea Remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles.

I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my house work. Mrs. W. L. Dunagan, Bonanza, Hickman Co., Tenn. For sale by H. M. Horton.

While in Topeka last March, E. T. Barber, a prominent newspaper man of La Cygne, Kan., was taken with cholera morbus very severely. The night clerk at the hotel where he was stopping happened to have a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and gave him three doses which relieved him and he tinks saved his life. Every family should keep this remedy in their home at all times. No one can tell how soon it may be needed. It costs but a trifle and may be the means of saving much suffering and perhaps the life of some member of the family. 25 and 50 cent bottles for sale by H. M. Horton.
