

EARTHQUAKES in Asia and Africa at this time, proves there's something going on under the crust of this planet of ours. But what that something is, is what bothers.

THE new British man-of-war, launched a short time since, is at the head of the list of first class English cruisers. She is 531 feet long, with an indicated horse-power of 25,000.

THE proposed constitution of Utah provides for eight jurors instead of twelve and in civil cases three-fourths can return a verdict and criminal cases the verdict must be unanimous.

WE gather from the government crop bulletin that the cold weather this spring has done great injury to all kind of crops in portions of Georgia, Alabama, Mississippi, New York, Pennsylvania, Michigan, and other states but the ones named have suffered most.

Carlisle spent most of the month of May preparing and making speeches in defense of the administration and in receiving the plaudits of claquers who are under obligations to Cleveland for federal patronage. While he was thus engaged the deficit increased \$3,286,135, making the total deficit from July 1, 1894, to May 31, 1895, \$46,757,495. It is singular that the head of a rotten treasury should strut about the country talking about "sound money."—Sun.

GOVERNOR Altgeld of Ill., expressed the belief that the supreme court established a very dangerous precedent in remanding Debs and his friends in jail. He says regarding the decision that the court trampled upon the rights of the people and was simply a tool for the monopoly. He farther states: "The bulwark of liberty has been undermined and trial by jury stricken down. The decision marks a turning point in our history, for it establishes a new form of government never before heard of among men, that is a government by injunction."

IT HAS come to light that the so-called "sound money" convention, recently held in Memphis, was dominated by three cuckoos—Congressman Catchings, Clark and Patterson—all Southerners, and that the delegates were mere puppets in their hands. There was no chance for discussion and the delegates were not treated with even common courtesies. The whole thing was a sort of ratification meeting, at which those present were allowed to cheer Carlisle and Patterson and adopt the resolutions they had prepared. There will be a genuine sound money convention in Memphis on the 12th and 13th. There will be no puppets there and no cheering for Carlisle. Let Ore be represented by all means.—Sun.

WILLIAM C. Whitney, President Cleveland's former secretary of the navy is spoken of as a probable candidate for President.

Since his return from Europe, he seems to invite interviews and freely expresses himself on the silver question. He differs with the administration and believes in the restoration of silver, but thinks it should be accomplished through an international agreement. Mr. Whitney was absent, in Europe, six months and says the silver sentiment is growing rapidly in the old country, and he believes it will only be a short time until a natural agreement will be accomplished and silver will take its place where it should be. This declaration of Mr. Whitney is in sharp contrast with President Cleveland's gold monometallic policy.

Mr. Whitney is a very shrewd politician and President Cleveland knows that through the political shrewdness of Whitney he became the nominee for the presidency at the Chicago convention in 1892, though he did not have a single vote from his own state.

Whether or not Mr. Whitney is playing for the nomination on the democratic platform in 1896 is now only conjecture still there is room for thinking so and his play that silver will soon be recognized by international agreement is to attract the attention of silver men and also to curry favor with the monometallic believing he will be true to the corporations and this proper recognition of silver be brought about by all nations.

This will suit the English Rothchild American corporation, because it has no idea this international conference will ever agree

Mr. Whitney says he is a bimetalist but on an international principle which will never materialize.

We do not believe the democratic party will be caught by such chaff. If the party so far forgets itself as to be governed by anything short of an unmistakable declaration in favor of the free coinage of silver, good-bye to the party, but not democracy.

True democratic principles must come to the front and the people win or down goes the whole fabrication.

Persons who sympathize with the afflicted will rejoice with D. E. Carr of 1235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three fifty-cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by druggists.

If King Solomon was alive he would now say: "Go to the traveling man, learn his ways, and be wise." Mr. C. W. Battell, a Cincinnati traveling man representing the Queen City Printing Ink Co., after suffering intensely for two or three days with lameness of the shoulder, resulting from rheumatism, completely cured it with two applications of Chamberlain's Pain Balm. This remedy is gaining a wide reputation for its prompt cures of rheumatism, lame back, sprains, swellings, and lameness. 50 cent bottles are for sale by druggists.

The Druggists

In Lowell, Mass., agree in saying that they sell more of Hood's Sarsaparilla than of all other blood purifiers. For instance:

F. C. GOODALE: I sell more of Hood's Sarsaparilla than all other blood purifiers.

A. W. DOWS & CO.: Hood's takes the lead of all other sarsaparillas.

C. F. BLANCHARD: We sell more of Hood's Sarsaparilla than of any similar.

MARSTON & SHAW: With us the sale of Hood's is 9 to 1 of any other kind.

F. & E. BAILEY & CO.: Hood's Sarsaparilla is one of the best medicines.

CARLTON & HOVEY: Hood's Sarsaparilla is one of the best medicines we have. Its sale increases every year.

F. P. MOODY: We sell twice as much of Hood's Sarsaparilla as of anything similar.

C. A. SWAN: Hood's is the most popular sarsaparilla of the day.

THIRTY OTHER druggists speak similarly.

This popularity at home, where Hood's Sarsaparilla and its proprietors have been known for many years, could not continue if the medicine did not possess merit. And these facts should certainly convince people in other sections of the country that Hood's Sarsaparilla is a good, reliable medicine.

Hood's Sarsaparilla
