BIG PROFITS ON SMALL INVESTMENTS.

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain Provisions and Stock.

\$10.00 FOR EACH DOLLAR INVESTED CAN BE MADE BY OUR Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success. For further information address

1895 Harper's Magazine. ILLUSTRATED

The Simpleton, a new novel by THOMAS HARDY, will be begun in the December Number, 1894, and continued to November 1895. Who ever may be one's favorite among English Novelists, it will be conceded by all critics that THOMAS HARDY stands foremost of a master artist in fiction, and the Simpleton may be expected to arouse enthusiasts not inferior in degree to that which has marked *Tribsy*—the most successful story of the year. Another leading feature will be the Personal Recollections of John of Arc, by the Sieur Louis de Conte, Her Page and Secretary, under which guise the most popular of living American magazine writers will present the story of the Maid of Orleans. In the January Number will appear a drolly illustrated paper on Charleston and the Carolinas, the first of a series of Southern Papers.
Northern Africa is attracting more attention at any other time since it was the seat of empires. The next volume of HARPER'S MAGAZINE will feature four illustrated articles on this region, and three of them will depict the present life there. *ULIAS RALPH* will prepare for the MAGAZINE a series of eight stories, depicting typical phases of Chinese life and manners. Besides the long stories, there will begin in the January Number the first Chapter of *A Three Part Novellette*, by RICHARD HARDING DAVIS—the longest work yet attempted by this writer. Complete short stories by popular writers will continue to be a feature of the MAGAZINE.

A high-class illustrated magazine in the home is no longer a luxury. It is a necessity, and to meet the demands created by this necessity, THE COSMOPOLITAN MAGAZINE, giving yearly, as it does, 1536 pages of reading by the ablest living authors, with over 1200 illustrations by clever artists, has stepped into the breach, with a reduction in its price that has startled the literary world.

The HERALD, fully alive to the needs of its patrons, has made special arrangements with this superb monthly, whereby it will receive orders for yearly subscriptions to both publications combined for the sum of \$3.00.

The price of the great illustrated monthlies in the past has been \$3.00 and \$4.00 a year, and they were to be found only in the more pretentious homes. Our offer furnishes a help to all families, no matter how modest their means, to keep in touch with the greatest minds of the world, as The Cosmopolitan has today the strongest regular staff of any existing periodical.
