Electricity is Dangerous.

"This here 'lectricity is purty dangerous, ain't it?" he asked of a Woodward avenue conductor on a car coming down town.

"Yes, quite dangerous," was the reply.

"If you get ho'd of a live wire you get a shock, don't you?"

"I guess you do."

"Just rolls you all over the road, tears your coat up the back and shakes every blamed cent out of your pocket, eh?"

"Yes, it makes things pretty lively. Have you had an experience?"

"No, not exactly; but my son Sam has. He came to town one day about two weeks ago to collect a bill of \$15, and he didn't get home for two days. When he showed up he was the saddest sight you ever see."

"Had he taken hold of a live wire?"

"That's what he said. He had a black eye, three teeth knocked out, a hurt on the head and his clothes were all mud and torn to tatters."

"I see," smiled the conductor. "He grasped a live wire and couldn't let go. It works that way don't it?"

"Sometimes, I believe."

"But what I can't understand," continued the father, "is what becum o' them \$15. Sam says they was consumed by the 'lectricity, but that seems funny. Do you think they was consumed?"

"You can't tell what a live wire will do," replied the conductor, as he folded his arms and looked wise.

"No, I expect not, but you kin tell what a feller about my size will do. I was told by a naybor this morin' that a feller o' the same name of my Sam was arrested and find \$10 for drunkenness about the time that live wire was gettin in its work, and I'm goin' down town to see about it. If it was some other feller, all right; if it was my Sam I'll go back home and make him think he has a live wire in each hand and a hull 'lectrite plant right under him. I'll shock them \$15 outter him or bust the masheen and let all the lightning loose!"—Detroit Free Press.

IT IS SUICIDE.

Professor manning, the author of a work entitled "Sanicult," who is spending a few weeks in Portland, denounces the bicycle as follows: "To my mind, owing to the excess of exercise indulged in by bicycle riders of today, when a man or woman buys a wheel, he takes the first spadeful of earth from his grave. To give some idea of the unwholesomeness of bicycle riding, listen to this: First, you have a kind of paralysis of the hands from the constant gripping of the handle-bar, then contraction of the muscles of the legs, contraction of the posterior muscles of the lower limbs, and of the inside muscles of

the thighs, round shoulders from stooping over, and contraction of the chest. This causes congestion of the lungs and leads to consumption; continued violent exercise also leads to enlargement of the heart. Furthermore, with men, rupture, varicocele, hydrocele follow, and worst of all it destroys virility. No man who rides a bicycle to any extent can hope to be a father.

"Then again, with women constant riding causes troubles to which women are peculiarly heir. Married women riding bicycles are especially liable to very serious mishaps. In fact the dangers are multitudinous. People have neglected them too long and if the entire world is not depopulated by the rapidly increasing membership of the suicide club, the human race will die out by reason of lack of manhood and inability to propagate."

The managers of the big prize-fighters are just now devoting their time to getting free advertising, and they are making a success of it.

The "logical candidate" is again on his travels. He keeps going, but very seldom "gets there."

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the remedy half its worth. I am sorry every one in the world does not know how good it is, as I do.—Mrs Lina S. Hinton Grahamsville, Marion Co., Florida. For sale by all druggists.

Nervousness

Cannot be permanently cured by the use of opiates and sedative compounds. It is too deeply seated. It is caused by an impoverished condition of the blood, upon which the nerves depend for sustenance. This is the true and only natural explanation for nervousness. Purify, enrich and vitalize the blood with

Hood's Sarsaparilla

and nervousness will disappear. Hood's Sarsaparilla will give vitality to the blood and will send it coursing through the veins and arteries charged with the life-giving, strength building qualities which make strong nerves. If you are nervous, try Hood's Sarsaparilla and find the same relief of which hundreds of people are telling in their published testimonials. Get

Hood's and Hood's

Because Hood's Sarsaparilla is the only True Blood Purifier prominently in the public eye today. Sold by all druggists.

Hood's Pills cure habitual constipation. Price 25c per box.

America's Great Danger

AN ENGLISH COMMENTARY.

Said an eminent English scientist recently: "The danger that confronts the great American people to-day is not the possible adoption of a wrong financial policy for the nation, or the spread of socialism, or the increase of corruption among public men. All these are bad enough, to be sure, but they are as nothing compared to the terrible national disease—I had almost said national crime—of overwork. The mad rush for wealth is set at a killing pace, and thousands fall by the way every year.

You are likely to be one of the victims! How do we know? Because it is the exception to find a man or woman of adult age in perfect health. Nervous Disorders are spreading with fearful rapidity. Among the symptoms, are—Backache, Biliousness, Cold Hands and Feet, Dizziness, Hot Flashes, Fluttering Sensation, Fainting, Headache, Hysteria, Irritability of the Heart, Melancholy, Failing Memory, Palpitation, Rheumatism, Short Breath, Sleeplessness, Nervous Dyspepsia, Sexual Debility, Fits, etc. REV. C. A. CARROLL, pastor First Baptist Church, Yellow Springs, O., writes as follows: "I have used Dr. Miles' Restorative Nerve Pills for the past six months. I find it acts like a charm on the whole nervous system. I have not found its equal in giving immediate relief. Dr. Miles' little Nerve and Liver Pills only need a trial and they will recommend themselves to be the best pills in the market."

"For five years I have suffered from Nervous Prostration, I was unable to work or sleep. The first dose of Dr. Miles' Restorative Nerve Pills gave me relief, and one thousand dollars would not cover the good it has done me."—JOHN MINCHER, Youngstown, Ohio.

Dr. Miles' Restorative Nerve Pills is unequalled in curing Nervous Diseases. It contains no opiates or dangerous drugs. Sold on a positive guarantee by all druggists, or Dr. Miles Medical Co., Elkhart, Ind.
