Local News.

Milt Modi has been in town several days. The municipal tax, we understand, is 4 per cent. The Hanley Bros. have lately shipped 850 head of cattle. Miss Jessie McGowan is teaching the Crane Creek school. Geer & Co. have lately received quite a supply of silver ware. The special school meeting Monday afternoon voted bonds. We are informed that L. Woldenberg Sr. will shortly be a resident of our town. Mr. and Mrs. Seaward, of Diamond Valley, were in Burns the first of this week. Lots of cartridges, buckets etc. received at Chas. Voogly's hardware store this week. A cattle buyer here from Montana, desires to purchase 1000 head of steers in this county. County Treasurer Geer has made, or will make in a few days, another payment to Grant county of \$1000 or \$1500. Isaac Allison, of Oregon City, father-in-law of our fellow townsman, F. M. Jordan, is here on a visit and business. Geo. Smyth and his nephew, Geo. Smyth, brother of Miss Maggie, who is stopping in Burns, were in town the latter part of last week. Geo. Fry is having D. B. McIntyre veneer his house with brick. This makes a handsome, as well as a very warm, and comfortable residence. Sylvester Smith, of Diamond, gave us a pleasant call last Monday morning. Sylvester is preparing to put a nice residence on his ranch in Happy Valley. Two more accidents that we know of this issue to record Harry Smith cut his leg with an ax, below the knee, and James Sweitzer is on crutches with a sprained ankle. In the land contest cases of Henderson Elliott and E. R. Taylor, the Secretary of the Interior has reversed the decision of the Com. of the G. L. O. The lands are awarded to the Road Co. The boys who took "French leave" of Burns on Saturday night, for fear some one would find out where they were going, returned Monday night some time. Canyon City was the objective point, and it is reported that Joe went to ask "Mamma" for the daughter, but Joe denies it. They report having had an enjoyable time, and speak very highly of the City Hotel, kept by the Winegar Sisters.

Circuit court next Monday. Isaac Foster paid us a visit one day last week. Ellis McKianon and wife returned from Dallas the latter part of last week. Ras Garrett and J. C. Creaman passed through here Sunday on their way back from the R. R. Ed Walton says the more he "pumps" the "organ" he purchased from Mrs. Leager, the more milk he gets. See new ad of the Magnolia Restaurant in this issue. Remember the proprietor is prepared to lodge his boarders. Mr. and Mrs. Isaac Blevens and little son Lee, who now reside in Crook county, are here visiting the parents of Mrs. Blevens, Mr. and Mrs. Samuel Miller. A. K. Matthes and daughter Mary left here last Monday ostensibly to join Mrs. Matthes in Portland, who is in that city under surgical treatment for a tumor. Miss Sallie Hudspeth is expecting her stock of millinery every day. Her goods should have been here ere this, but have been delayed from some cause. The hunting party, Samuel and Frank Miller and Henry Cheatham, returned Sunday after several days absence, without having any success whatever. Mr. Miller and Frank returned to the mountains again Monday afternoon, accompanied by Isaac Blevens. MARRIED.—At the residence of Geo. W. Hayes, in this place, last Monday, by Rev. Gibson, Mr. Bailey Hayes and Miss Edith Claypool were united in marriage. THE HERALD extends congratulations. Several persons from the mines have been in town since our last issue, among them J. C. Buckland and Joe Lamb, who inform us that the mines are all right, but the prospects being so good is likely to create dissatisfaction regarding ownership of claims and thereby cause much litigation. Frank Dibble and wife, resident of Silver Creek, were in town two or three days the latter part of last week. Frank learned to manipulate a bicycle while here and as a natural consequence took a machine, bought of I. S. Geer & Co. This is the first sale of a bicycle in this place to go to the country. The 18th of November next is the day set apart to dedicate the new school building. We are glad indeed to inform our readers of the near completion of this building. It is not only a very imposing structure and an ornament to the town, and one the county should feel proud of, but it is by odds, the most useful and because of this its influence is the greatest factor in building up our town and county. We had the pleasure of greeting Carl Cecil and W. H. Hogap last Saturday. Carl has lately returned from California, where Mrs. Cecil and the children have been for some time. He expected to bring them home and in case he had done so, Mrs. Cecil and children would have been residents of our town this winter so that they could have the advantage of our school. But it was determined that she should remain in California this winter and the children go to school there.

The supper for the band boys dance will be at the French Hotel. Don't forget the Band Boys Ball on Nov. 1. Be sure and take it in. Jorgensen has the finest and best lot of goods that ever came to Burns; go and see for yourself. He is also taking Cabinet Photos. at \$3 per dozen. Do not forget to go and see what he has on hand. You can earn \$5 each day "giving" our absolutely indispensable household article away. New plan of work, making experience unnecessary and success certain for either sex in any section. Sample dozen free. Credit given. Freight paid. Address, Melrose Mfg. Co., 8 Melrose Park, Ill. Mr. and Mrs. B. R. Witzell have returned from Idaho, whither they went some weeks since to visit a widowed sister and family of Mrs. Witzell. Her sister, Mrs. Mills, and son Roy, a young man and daughter Miss Allie, came back with them, with the intention of making this their future home. Mr. Witzell informs us they had a pleasant trip, the dust was the only disagreeable feature to contend with while on the way. He likes the soil of Idaho, in and around Lewiston, but declares the land too steep for anything and that people, in many instances, are compelled to dig out the hillside, in order to get a level place for a house. Under the threat made some weeks ago, we see that Brother Newell of the Harney paper is publishing a so called history of the Willamette Valley & Cascade Mountain Wagon Road. Persons who do not take the paper can obtain exactly the same information, word for word, in Senate Document No. 124, 50th Congress, First Session. The matter being published as a history is a report of one McNamee, a former special agent of the Department. He made a report about 8 years ago and of course it is now not the freshest reading in the world. Perhaps the book of Genesis, to be found in the Old Testament, might be more interesting. W. V. & C. In any group of the important new books, an emphatic position may be assigned to a work that epitomizes many books and is related to the world of books as the orrery to the planetary system. Such is Harper's Book of Facts—far and away the most useful handbook of universal knowledge in existence today. To peak of the number of pages in the entire work or of the number of subjects treated, would be misleading, for that would be to confound merit with size; where as the intention of the compiler and editor of Harpers Book of Facts has evidently been that the work should be as compact in form, as in its scope it is encyclopaedic. The marvel is that, with all the world before it, it has not grown unduly—that it is not too large, but just a fine, generous volume.

Van Items. Beautiful weather. The thresher has completed its work in this vicinity. Wheat seems to be quite an unsatisfactory crop this season. The farmers are making their annual trip to John Day with wheat. Report says A. B. Marks came very near joining the Salvation Army, while out to Baker City a few days ago.
