Local News.

New goods at the Johnson store, now under control of Henry Canaday. Just as cheap as ever or cheaper. Call and examine goods and get prices, and if suited buy.

Many citizens of our town are suffering with very severe colds.

Adam George was admitted to citizenship before Judge Clifford at this term of court.

The testimony in the divorce referee suit, before W. J. Coleman, is now being taken.

Our band is making great improvement. H. E. Thompson will, while in Portland, purchase two or more horns.

Peter Clemens is having improvements made on his dwelling. Carpenters Lahey and Lewis are doing the work.

A hard frost during the week caught many bushels of Grant county apples napping as they hung on the trees.—Grant County News.

Jackson Chambers the "invincible" returned from the chase last Saturday with nine fat deer and a bear or two, besides a few cougar pelts.—Canyon News.

At the supper given by the ladies of Burns last Thursday evening at the church, we are told about \$17 was realized and appropriated towards the object intended.

Attys. Geo. Hayes and J. B. Huntington, employed by the Jordan boys, filed a motion for a new trial in the case of Wm. and Ben. The motion was overruled by Judge Clifford.

Miss Olive Van Der Bogart niece of D. L. and Wm. Shirk is in town today on her way home to Delta Idaho. She has been visiting her Uncles for some time. Mr. Wm. Shirk accompanied her to this place.

Ben McIntyre and his clerk Frank are not making rapid headway veneering the residence of Geo. Fry. It is a little cold for such work and his clerk Frank cannot make his "pen" run swift enough to prevent the "ink" from freezing.

Mr. L. Foster started to the R. R. last week with a quantity of ore from his new quartz mine. His intention is to have the ore treated in order to ascertain as to its richness. We may expect a report that will make ones eyes protrude.—Items.

Prof. W. A. Wetzell writes the Count Supt., that himself and State Supt. Irwin, will arrive in Burns about the 16th inst. This will give them two days in which to rest preparatory to the institute work in which they propose taking an active part.—Items.

—Thanksgiving the 28th.

—County court is still in session.

—There was marriage took place recently in Minnesota, by telegraph.

—Nick Baker and wife, of Silver Creek, were callers at this office today.

—Chairs of all patterns and descriptions at the hardware store of Chas. Voegtly. 13-11

—The county teachers' institute will continue three days, the 18th, 19th and 20th.

—Quite a party left here Monday morning for the lakes to hunt geese and ducks.

—Dr. Marsden was called to Swamp creek yesterday, to see a patient named Lofton.

—Witnesses from Canyon City came over last week to make final proof on the Canyon City town-site.

—The firm of I. S. Geer & Co. have presented the county clerk's office with a New Haven 30 day clock.

—Umatilla Indians are tired of being citizens and are now praying the government to receive them again as pets.

—Lloyd Culp and Sam Collins are using the paint brush on the new school building, but we presume not very lively this cold weather.

—Young Cople, who was sent from Grant county, at the last term of circuit court, to the reform school at Salem, made his escape the day after he got there.

—Deputy Sheriff Vaughn, H. E. Thompson and A. Venator were put in charge of the prisoners, William and Ben Jordan, to see them safely incarcerated in the penitentiary at Salem.

—County School Supt. Newell is making every possible effort to give an interesting and beneficial institute. He is being assisted by Prof. Dillard and many others in his laudible effort.

—The last grand jury in Umatilla county found over sixty indictments, the most of them were for gambling. Seventeen boys and young men were fined in one day for that offense.

—The musical comedy entertainment, given here last evening and Monday evening, by Paul Boulon and Geo. Gonne, was pretty well attended and quite a success. The music was very fine indeed.

—Nearly all, if not all, the school districts of the county will be represented by one or more pupils prepared to take a part in the exercises of the institute, which will be held here beginning the 18th of this month.

—Rev. Winans, Sunday school organizer, arrived in Burns last Friday, and remained here until Monday morning. He held two services at the church Sunday at 11 a. m. and in the evening. Mr. Winans went from here to Lakeview via Wagon-Tire.

—We see in an exchange an account of a Southern Oregon preacher, who lately took his daughter, a marriage license and a revolver, visited a young man, whom he told he would immediately perform a marriage ceremony or preach a funeral sermon; the latter could only be prevented by him marrying the girl. He married her.

—Mrs. J. C. Garrett was in town two or three days last week, visiting. She came over with her son-in-law ex Judge Shields.

—Circuit court adjourned last Monday noon. Judge Clifford dispatched business with his activity, and we think to the entire satisfaction of the taxpayers of Harney county.

—We see published in some of our exchanges the Charles Lux estate, valued at \$16,000,000, is still in litigation. Lux has been dead eight or ten years. The wife Mrs. Lux who was to receive \$4,000,000 of the estate has been dead for some time. The experts, lawyers and other employees have gotten rich off the estate, and the heirs have not received anything.

—Miss Alice Hamill Handcock, who gave a series of recitations last week at the church, is an elocutionist of high order, and her services in that line are appreciated by the citizens of our town as is proven by employing her to give ten lessons in elocution. The only drawback to a large class is meeting every evening; many who appreciate the lady and who crave instruction from her cannot do this, consequently are prohibited thereby from joining the class.

—E. E. Grout collected, by subscription, \$46.40 for the relief of Mrs. William Jordan, whose husband was convicted on the charge of cattle stealing at this term of court just adjourned, and sentenced to three years imprisonment in the penitentiary. It was reported she was in need of the necessities of life and Mr. Grout raised the aforesaid amount in a few hours and put into the hands of I. S. Geer to be given to her immediately after the departure of her husband for his three years confinement.

—How a rumor started and was generally reported among our citizens that a foreclosure of mortgage on the church in this place would be declared at this term of court is a mystery to us. It must have originated in the brain of some individual who is anxious for it to occur either because he is opposed to religious services or desires the property to pass out of the hands of the M. E. Church. We take pleasure in informing such party or parties there is no danger at this time nor at any time of such being the case, for we think we can safely promise the people the church will never be sold to satisfy a mortgage.

In the vicinity of Hoquiam, Wash., beer kegs are being used for bear traps and are said to have worked so successfully that one man caught five bears within a week. The plan is to take a beer keg and knock in one end of it; drive a number of spikes into the sides of the keg, slanting a little toward the closed end; place some honey or other delicacy of which bears are fond in the keg, and take the trap to some location frequented by bears, and the chances are old Bruin will walk right into it. If he does, he is caught, for the spikes will prevent his backing out.—Ex.
