Another case of very sour grapes. Don Cameron says he doesn't want to be President.

Senator elect Wellington, of Md., will not display wisdom if he tries to carry out the get-even-at-any-cost program some of his friends have arranged for him.

According to the Kansas City Times, ex-Senator Ingalls has taken to wholesale drinking. We always thought he was a prohib.

Senator Cullom isn't in Illinois for his health. He has never given up the idea that his slight facial resemblance to Lincoln will some day cause him to be struck by Presidential lightning, and he never neglects putting up his lightning rods.

Washington pickpockets have found it profitable to attend the church where Dr. Talmage preaches.

Representative Walker, of Mass., Mr. Reed's chairman of the House Banking and Currency committee, has also failed in an attempt to get up a currency reform bill that would meet the approval of the New York bankers. Next!

The right sort of a clergyman doesn't need the services of a chaplain when he is visited by a woman, no matter what the disposition of the woman may be.

Mr. Harrison is wondering whether his approaching marriage had anything to do with the cold shoulder Congress gave him during his recent visit to Washington.

There is no probability that Senator elect Wellington, of Md., will ever be found playing Pythias to the Damon of Senator.

The string which Boss Platt has tied to the Morton boom may break when he attempts to pull it in.

Mr. Harrison paid his respects to President Cleveland by a personal call at the White House, but he didn't do as much for Mr. Reed. Perhaps he hasn't enough respect for the latter to pay.

The recent rapid growth of the Morton boom indicates that Gov. Morton has knocked in the head of his barrel.

Dr. Parkhurst refuses to believe in the integrity of any of the other professional reformers, not even excepting "Teddy."

Great is the work of the staff correspondent! Had it not been for him this country might not yet have known that the King of Korea had had his hair cut.

The people in this country do not care what the European nations think of those Armenian resolutions adopted by Congress, so long as the resolutions arouse the aforesaid European nations to their duty to Christianity.

Col. Ingersoll has gone back to lecturing upon Shakespears. It would be well if he would continue in the same line and let the Bible alone.

Jim Corbett didn't even know enough to tell the bystanders that he usually came down stairs that way, the other day when an irate Philadelphia fireman threw him down.

The miraculous healing powers displayed by an English farmer named Wibur Hammond, who resides four miles north of Belvidere, Ills., have caused a sensation in that section. During the last week he has been in Sycamore trying his power with wonderful success.

Among those he healed are Mrs. Benjamin Derrick, who has been a cripple from a fall received several years ago; also Mrs. Jerry Singer, who was near death from neuralgia of the heart, and Mrs. M. L. Orton, who had been unable to walk from rheumatism. After Hammond's visit Mrs. Orton was able to walk again.

Hammond goes into a trance when healing and claims that the spirit of a German doctor tells him what treatment to give. Hammond refuses to accept money for his services.—Chicago Record.

Good advice: Never leave the house on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by

Several years ago I was taken with a severe attack of flux. I was sick in bed about ten days and could get nothing to relieve me until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured me and has been a household remedy with us ever since. J. C. Marlow, Decaturville, Mo. For sale by all druggists.

Its Value Recognized by Physician.

As a rule I am opposed to proprietary medicines. Still I value a good one, especially when such is the source of relief from pain. As a topical [external] application I have found Chamberlain's Pain Balm the best remedy I have ever used for neuralgia of any kind. I have conscientiously recommended it to many persons. America's Great Danger

AN ENGLISH COMMENTARY.

Said an eminent English scientist recently: "The danger that confronts the great American people to-day is not the possible adoption of a wrong financial policy for the nation, or the spread of socialism, or the increase of corruption among public men. All these are bad enough, to be sure, but they are as nothing compared to the terrible national disease—I had almost said national crime—of overwork. The mad rush for wealth is set at a killing pace, and thousands fall by the way every year."

You are likely to be one of the victims! How do we know? Because it is the exception to find a man or woman of adult age in perfect health. Nervous Disorders are spreading with fearful rapidity. Among the symptoms are—Backache, Blisters, Cold Hands and Feet, Dizziness, Hot Flashes, Fluttering Sensation, Fainting, Headache, Hysteria, Irritability of the Heart, Melancholy, Failing Memory, Palpitation, Insomnias, Short Breath, Sleeplessness, Nervous Dyspepsia, Sexual Debility, Fits, etc.

REV. C. A. CARROLL, pastor First Baptist Church, Yellow Springs, O., writes as follows: "I have used Dr. Miles' Restorative Nerve for the past six months. I find it acts like a charm on the whole nervous system. I have not found its equal in giving immediate relief. Dr. Miles' little Nerve and Liver Pills only need a trial and they will recommend themselves to be the best pills in the market."

"For five years I have suffered from Nervous Prostration, I was unable to work or sleep. The first dose of Dr. Miles' Restorative Nerve gave me relief, and one that I said dollars would not cover the good it has done me."—JOHN MINCHER, Youngstown, Ohio.

Dr. Miles' Restorative Nerve is unequalled in CURING Nervous Diseases. It contains no opiates or dangerous drugs. Sold on a positive guarantee by all druggists, or Dr. Miles Medical Co., Elkhart, Ind.
