OO FOR EACH DOLLAR INVESTED CAN BE MADE BY OUR Systematic Plan of Speciation

originated by us. All successful speculators operate on a regular system It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brok ers, make large amounts every year, ranging from a few thoneand dollars for the man who invests a bundred or two dollars up to \$50,009 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.
