Whitelaw Reid talks like a man who could easily be induced to take second place on the McKinley ticket.

Some of the gentlemen now engaged in pushing their money through the slot of the nomination machine will, before long, be kicking themselves for not having better sense.

Congressman Grosvenor has got McKinley's vote up to 444—on paper—only 12 less than enough to nominate him. Joe Manley's latest estimate only gives McKinley 250.

Business may be a little slow in some lines, but the republican delegate market continues to boom, and prices are steadily advancing.

Congress may, of course, adjourn this month, but it's a sixteen to one wager that the wise members have their summer clothes in Washington.

According to certain Ohio preachers, the Sunday bicycle scorcher will be scorched hereafter, while the Sunday riders who do not scorch will be pleasantly situated in the sweet bye and bye.

All things come to an end, even a session of the New York legislature, with a republican majority. One of the best acts of the session was adjournment.

The unkindest cut yet given Czar Reed is the circulation of the story that he is favorably considering a proposition to take the tail end of the McKinley ticket.

Wonder if Mr Hanna fully real-

izes the danger of allowing a wife who talks for publication to go galivanting around the country?

The theory of the McKinley managers appears to be to make up for any lack of votes by making additional claims.

Mark Hanna denies having started that story about Reed being an atheist, but naively adds that it may true.

Perhaps C. P. Huntington and Speaker Reed have made a dicker, whereby the influence of the latter is to be used in getting the Pacific Railroad funding bill through the house in exchange for Huntington's influence with delegates to St. Louis.

Gov. Morton is sawing wood these days—and probably figuring on whether being Tom Platt's alleged candidate is worth the price he has been made to pay.

It seems that the men who have put their money in the McKinley boom have come to the conclusion that they are in too deep to a low that nomination to get away on a question of more money.

It is now stated, but we shouldn't advise anybody to bet on it, that Senator Quay has decided not to attend the St. Louis convention, because McKinley, Reed and other aspirants for the nomination have announced their intention to stay away. Mr. Quay is a delegate, too. And it's our opinion he'll be there, too.

No more "dry Sundays" in New York now, thanks to the Raines law, which was mistakenly lauded as a temperance measure. Every bar room is now a "hotel," and there is no limit to the amount of liquor their patrons may buy, provided they also buy a sandwich. And this is called "reform," but only in the rural districts.

During the winter of 1893, F. M. Martin, Long Reach, West Va., contracted a severe cold which left him with a cough. In speaking of how he cured it he says: "I used several kinds of cough syrup but found no relief until I bought a bottle of Chamberlain's Cough Remedy which relieved me almost instantly and in a short time brought about a complete cure." When troubled with a cough or cold use this remedy and you will not find it necessary to try several kinds before you get relief. It has been in the market for over twenty years and constant-

America's Great Danger

AN ENGLISH COMMENTARY.

Said an eminent English scientist recently: "The danger that confronts the great American people today is not the possible adoption of a wrong financial policy for the nation, or the spread of socialism, or the increase of corruption among public men. All these are bad enough, to be sure, but they are as nothing compared to the terrible national disease—I had almost said national crime—of overwork. The mad rush for wealth is set at a killing pace, and thousands fall by the way every year."

You are likely to be one of the victims. How do we know? Because it is the exception to find a man or woman of adult age in perfect health. Nervous Disorders are spreading with fearful rapidity. Among the symptoms, are—Backache, Biliousness, Cold Hands and Feet, Dizziness, Hot Flashes, Fluttering Sensation, Fainting, Headache, Hysteria, Irritability of the Heart, Melancholy, Failing Memory, Palpitation, Rheumatism, Short Breath, Sleeplessness, Nervous Dyspepsia, Sexual Debility, Fits, etc. REV. C. A. CARROLL, pastor First Baptist Church, Yellow Springs, O., writes as follows: "I have used Dr. Miles' Restorative Nerve for the past six months. I find it acts like a charm on the whole nervous system. I have not found its equal in giving immediate relief. Dr. Miles' little Nerve and Liver Pills only need a trial and they will recommend themselves to be the best pills in the market."

"For five years I have suffered from Nervous Prostration, I was unable to work or sleep. The first dose of Dr. Miles' Restorative Nerve gave me relief, and one thousand dollars would not cover the good it has done me."—JOHN MINCHER, Youngstown, Ohio.

Dr. Miles' Restorative Nerve is unequalled in curing Nervous Diseases. It contains no opiates or dangerous drugs. Sold on a positive guarantee by all druggists, or Dr. Miles Medical Co., Elkhart, Ind.

From U.S. Journal of Medicine Prof. W. H. Peck, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing.
