COUNTY OFFICIAL PAPER

SATURDAY JUNE 9, 1901.

Senators McLaurin and Tillman are respectfully reminded that a seat in the U. S. Senate is worth two in a primary election.

There is every indication that the people of South Carolina will find the fight between Senators McLaurin and Tillman worth the price of admission.

Natives of all of our new possessions are now serving under enlistment in either the army or the navy but they only receive half the pay of Americans.

The President and Mrs. McKinley are again domiciled in the White House, and Mrs. McKinley continues to improve and the people to give thanks.

An Italian doctor, now residing in New York, claims to have discovered a vaccine that will give permanent immunity from yellow fever. If he can substantiate the claim he will be a great benefactor to all southern countries.

Sam Parker, who was foreign minister of Hawaii under Queen Liliuokalani, wastes no words in describing the opposition to Gov. Dole. He said: "You hear about the Hawaiian or patriotic native party demanding Gov. Dole's deposition. It's simply politics. The outis want to get in. They assume virtuous names, that's all." Yet we need not go so far away from home to apply the same remarks.

The press reports of the Western Presidential trip have shown that the Eastern newspaper reporters, as well as the others, have been alive to the magnitude of the irrigation proposition in the West. The evidences, too, that they have seen on all sides of the close contact of the Eastern factories with the Western markets, have brought home the fact that the Eastern people are interested, and will be reflexly benefited by the reclamation of the arid region.

Blessed is the poor man. Pick pockets never bother him, and road agents give him a wide berth. The tax collector never hounds him. Nobody tries to borrow and no one asks him to improve. He never runs head over ears in debt, and is not robbed or harassed by litigation. Burglars never invade his premises, and he sleeps in peace. When he dies nobody contests his will or attempts to confiscate his bones. Blessed, therefore, are the poor in pocket, for they always get their money's worth.

Over-Work Weakens Your Kidneys.
Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Richter's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on a merit by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

An interest in the Prairie City Miner has been sold by Marsh & Connolly of Sumpter to A. M. F. Firkhaimer, the proprietor of The Antelope Republican, who took possession of that publication on June 1, and will be its future manager and editor, in connection with The Republican. We wish the brother success in his new field.

The New York postoffice says there is no such firm as the Empire Knitting Mills. Some of our exchanges have been innocently advertising this firm's goods, and no doubt many persons have lost all the money they have sent them. The sure road to follow in purchasing is to deal with your home merchants, whom you know are all right—Shaniko Leader. The same has been advertised to some extent in this country. Take warning from the above.

The race between New York and London for the distinction of being the largest city, approaches a climax, and in ten years more, if the relative increase is maintained by both commonwealths. New York will have distanced her rival by more than a million and a half of people. London now has, including the city proper, and 28 metropolitan boroughs, 4,533,034 people, an increase of 308,718 since the census of 1891. The present population of New York and boroughs is 3,490,091, an increase of 1,000,000 over the enumeration of ten years ago. Let the same ratio of increase continue ten year longer and New York will exceed London in population quite as much as the English metropolis now leads the American city.

FOR GOVERNOR.

The Oregonian announces four candidates for governor of Oregon at the next general election. It says: "Though the state election is more than a year away, there are four well defined candidates for governor in Governor T. T. Geer, of Marion county, ex-State Treasurer Phil Metschan, County Judge William M. Calk and General Owen Summers, of Portland.

THE SOCIETY GIRL.

Prof. J. Scott Clark, speaking to his class in English literature at Northwestern University, said the merits of present day women in no way equal those women in the days of his mother and grandmother. His comment was directed against the society girl.

"The society girl is a parasite," said the professor. "She lives on her father, and in return she gives him nothing. She is of no benefit to the world and there is no need of our keeping such a weight with us."

Continuing, he told of the failures which society women make as managers of household, and said they were unable to fill the domestic requirements necessary to make the home an abode of comfort.

"They toil not, neither do they spin; yet Solomon in all his glory was not arrayed like one of these," quoted the professor, and he continued: "The young man who seeks a society girl for a wife is on the wrong track. May God help him that marries one of them for he is tying a millstone around his neck."

An Honest Medicine for La Grippe.

George W. Watt, of South Gardner, Me., says "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have left me. I congratulate the manufacturers of an honest medicine." For sale by H. M. Horton Burns, and Fred Haines Harney.

Such little pills as DeWitt's Little Early Risers are very easily taken, and they are wonderfully effective in cleansing the liver and bowels. City Drug Store, H. M. Horton, Prop. Fred Haines, Harney City.

The merited reputation for curing piles, sores and skin diseases acquired by DeWitt's Witch Hazel Salve, has led to the making of worthless counterfeits. Be sure and get only DeWitt's Salve. City Drug Store, H. M. Horton, Prop. Fred Haines, Harney City.

You will waste time if you try to cure indigestion or dyspepsia by starving yourself. That only makes it worse when you do eat heartily. You always need plenty of good food properly digested. Kodal Dyspepsia Cure is the result of years of scientific research for something that would digest not only some elements of food but every kind. And it is the one remedy that will do it. City Drug Store.

Mrs. C. E. VanDeusen, of Kilbourn, Wis., was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These Tablets are for sale at City Drug Store, H. M. Horton, Prop. Fred Haines, Harney City. Price, 25 cents. Samples free.
