

THE ITEMS COUNTY OFFICIAL PAPER

SATURDAY AUGUST 31, 1901.

The Washington Post took two-thirds of a column to call Mr. Bryan "the leader who doesn't lead."

Admiral Cervera showed more good sense in declining to express an opinion on the Sampson-Schley controversy than the Philadelphia editor who requested him to do so did.

The members of the medical profession are deeply interested in an experiment for the cure of lock-jaw by an injection of rabbits' brains, now being made in a St. Louis hospital.

As showing how fast Porto Rico is becoming Americanized it is stated that baseball has succeeded cock-fighting as the most popular sport in nearly all of the towns on the island.

Minister Ganger is back at his post, in Pekin, but those denocratic editors who were so cock-sure when he came home that he had been recalled in disgrace and would not be allowed to return are not saying anything about it.

Gen. MacArthur, just from the Philippines, says: "A very satisfactory condition exists in the islands. It is not perfect, of course. The insurrection is almost entirely extinguished, there being only a very few groups of armed insurgents still at large."

Who says the Spanish are all behind the age. A Madrid footpad carried an electric battery so arranged as to give a severe shock to any person he shook hands with, and robbed his victim before he recovered from the shock. That man has ingenuity enough to be a yellow reporter.

Well, well! The world must certainly be getting better by big jumps. The Mexican government has declared open war on gambling and will license no more public gambling houses; has notified all army officers and civil employees that instant dismissal will follow if they are caught in a gambling establishment.

A St. Louis physician is in a fair way to make fame and fortune if he can prove to the world that he can do as he says with cases of insanity. He says that unless the patient is insane as a result of an injury to the head or was born an idiot he can effect a cure. He offers to take any subject the newspapers of St. Louis will name, and if he does not cure the patient inside of a few weeks he will forfeit \$200.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, Ill. The regular fifty cent and one dollar bottles are sold by all good druggists.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by H. M. Horton, Burns; Fred Haines, Harney City.

P. T. Thom is, Sumterville, Ala., "I was suffering from dyspepsia when I commenced taking Kodol Dyspepsia Cure. I took several bottles and, digest, anything." Kodol Dyspepsia Cure is the only preparation containing all the natural digestive fluids. It gives weak stomachs entire rest, restoring their natural condition H. M. Horton, Burns; Fred Haines, Harney.

The Fad

Of the modern woman is health by exercise. It is an excellent fad, provided that it is always remembered that exercise cannot cure womanly diseases.

Indeed, where such diseases exist exercise is apt to aggravate the condition rather than to help it.

The first step toward establishing the general health is to establish the local womanly health.

Dr. Pierce's Favorite Prescription cures womanly diseases which undermine the general health.

It establishes regularity, drives encumbering drains, heals inflammation and ulceration and cures female weakness.

When these are cured, backache, headache and nervousness are things of the past. The universal testimony of weak and sickly women, cured by "Favorite Prescription," is this: "It has made me feel like a new woman."

My wife has used three bottles of Dr. Pierce's medicine, and I never saw such results. Dr. Pierce's Favorite Prescription is a good medicine. It was wonderful in its work. We had used lots of medicine, also had one of the best physicians in Astoria, but my wife and I had no relief. We heard one getting good after another, day and night. A friend handed me a copy of Dr. Pierce's book, the Common Sense Medical Adviser, and after reading the testimonials of Dr. Pierce's successful treatment, and seeing that the cases described were similar to my wife's, I bought for her a bottle of Dr. Pierce's Favorite Prescription. Before we had taken a box of the medicine she was up and helping to do the work. She has taken three bottles and is now about well. Her doctor had said she had had her years.

Dr. Pierce's Pleasant Pellets cure constipation.

A Minister's Good Work.
"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." For sale by H. M. Horton, Burns; Fred Haines, Harney City.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Dieting won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. H. M. Horton, Burns; Fred Haines, Harney.

"My baby was terribly sick with the diarrhoea," says J. H. Doak, of Williams, Oregon. "We were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I am happy to say it gave immediate relief and a complete cure." For sale by H. M. Horton, Burns; Fred Haines, Harney City.

Since last December, when the salt trust began operations on the Pacific coast, the price of dairy and table salt has been advanced about 80 per cent, and ordinary stock salt a little more than 300 per cent. The price of fine salt has gone up from \$14 to \$25.50 per ton, and of stock salt from \$1.50 to \$18.25—Oregonian.

Eruptions, cuts, burns, scalds and sores of all kinds quickly healed by DeWitt's Witch Hazel Salve. Certain cure for piles. Beware of Counterfeits. Be sure you get the original—DeWitt's. H. M. Horton, Burns; Fred Haines, Harney.
