"GOOD SENSE"

It is "Buy Where You Can Buy Best."

Many people who believe in this principle, go wrong in the application through lack of judgment, or are misled by alluring descriptions and impossible promises of eastern "catalogue" houses.

The Queen City Furniture Co., of Baker City, will sell you most anything in their line cheaper than you can buy elsewhere.

You owe it to yourself and to your family to take advantage of the opportunities offered. You can make one dollar do the work of two.

The Queen City Furniture Co. is the largest house furnishing establishments (outside of Portland) in Oregon. They buy direct from factories east, in carload lots for cash and they will duplicate in price and quality any article you see advertised by large catalogue houses east or west (allowing for difference in freight) and you don't assume the risk (of freight, damage in transit, etc.) as prices quoted will be F. O. B. Baker City.

Some Prices

For instance you see advertised by an "eastern catalogue house" wall paper at 4c and 5c per single roll, 8c and 10c double roll. You can buy same grades Q. C. Furniture Co. at 5c single and 10c double roll in Baker City. Take the item of iron beds. You will have to pay east \$2.90 to \$3.50 for an iron bed that you can buy from Queen City Furniture Co. at \$3.50 to \$4 in Baker City.

The carpet department of the Queen City Furniture Co. is most complete and a new electric carpet sewing machine will soon be added with a capacity of over 2000 yards per day.

It will pay anyone interested in the above lines to write us before placing an order.

QUEEN CITY FURNITURE COMPANY.
