### "I hope others will do as I did."

"I suffered for six years with ovarian trouble," writes Mrs. E. Waite, of Chicago, Ill. ("Lake View Postoffice.") "Sometimes I could hardly walk, and when I had to cough it felt as though a knife was cutting me. My hands and feet were cold all the time. I had such a tired feeling and such a poor appetite, and when I went to bed I slept only about two hours at a time. I got a bottle of 'Favorite Prescription' and by the time I had used two bottles I felt so much better that I continued until I had taken eight bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery,' and now I am so well that my friends remark how well I am looking. I go to bed now and sleep till morning. My appetite is splendid and that tired feeling has left me. I hope others will do as I did—give 'Dr. Pierce's medicines' a fair trial."
