The water cure is denounced in especially harsh terms by the Kentucky statesmen, regardless of party lines.

The records of a good many of the 'statesmen' who are such strong advocates of the policy of lowering the American flag in the Pacific, show that American flag-raising and flag-maintaining have not been the principal occupation of their lives.

You Can Lead a Horse to water but you can't make him drink.

You can't make him drink either. You can stuff food into a thin man's stomach but that doesn't make him use it.

Scott's Emulsion can make him use it. How? By making him hungry, or by making his Emulsion makes a body hungry all over. That's why a thin body was naturally hungry didn't you? Well it isn't. A thin body is asleep—no working—gone on a strike. It doesn't try to use its food.

Scott's Emulsion wakes it up—puts it to work again making new flesh. That's the way to get fat.

Dr. W. L. Marsden, the republican nominee for Coroner, will succeed himself.

Dyke Jameson, who has served this precinct as Justice of the Peace for a number of years in a very creditable manner, will undoubtedly be re-elected.

Anyone voting the republican ticket need make any apologies. They are a capable, representative set of men, such as any man can feel a pride in voting for.

Thos. Allen, the republican nominee for Sheriff, is meeting with the well wishes of the people everywhere. Nor is this all, the votes are forthcoming to assure his election. Harney county will never have a more popular officer.

The people of this district at the coming election will have the election of a State Senator and Representative. Will they be men who will advocate a "scuttle" policy in the Philippines, or men who favor holding what we have?

The republican candidate for assessor, John E. Loggan, is a young man well qualified to fill the position for which he aspires. His having served with the army in the Philippines during the late war, adds popularity to his campaign.

The State Senator and Representative to be voted for at the coming election will cast their ballot for a United States Senator. You thus have two votes in your hands. Before voting, be sure how they are going to be voted when placed in the hands of others.

Reports from the various precincts show beyond a doubt the election of R. T. Hughet for county clerk. He will make a capable officer. To meet Mr. Hughet is to like him. His genial, pleasant way, ever the same, is the secret of his growing popularity. Write on your banner, "Hughet for County Clerk."

The record of our present efficient county treasurer, R. A. Miller, is worthy of the highest praise. On this record he asks a re-election at the hands of the voters in June, and as he has won the confidence and esteem of the people, he will beyond any doubt, be elected to fill the position, he now occupies so creditably, for another term.

Fred J. Palmer, the Republican nominee for joint representative, should be elected by a big majority. He is unbiased, unpledged and unprejudiced for or against any particular interest, industry or locality within this representative district, and if elected, will work for the best interests of the whole district. He will not try to tear down one section or industry to build up another, but will be fair and just to all. Give him your vote and support.—Vale Gazette

The positions of County Judge and Commissioner, the business offices of the county, should be filled with men of known business ability that their administration of the county's affairs would be one of economy and of value to the taxpayers. Such men are found in H. C. Levens and C. T. Miller. Their election means a careful handling of the county's business hence their selection to fill the offices mentioned above is of the highest possible concern of those who wish a strict business administration of the county's affairs.

Three out of every four democrats in Harney county are in favor of holding the Philippines and in giving them a wise and just government. The state platform of the party advocating a "scuttle" policy, is a very bitter dose for them to swallow. Believing in keeping what we have, will they vote for the men advocating just the contrary to their belief? It will, indeed, be interesting to note the contest raging within their own bosom, whether to vote their own conviction, or follow the leadership of a few men who have the welfare of nothing, not even their own following, at heart.

All doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. An old and experienced practitioner who has for many years made a close study and speciality of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation.
