LAND MONEY FOR OREGON.

\$15,000 Distributed Among the Several Counties.

Secretary of State Dunbar last Friday disbursed to the various counties of the state the sum of \$15,113.55, that amount being the 5 per cent fund derived by the state from the Government in the sale of public lands within the state for the year ending June 30 1901. The money is disbursed to the counties in proportion to their respective acreage. The apportionment per acre this year was \$0.002479348. Harney County receives on its 6,780,160 acres, the sum of \$1,681.04. This is considerable more than the last apportionment.

The law under which this distribution is made provides that it shall be expended only for the improvement, building and maintenance of county roads and bridges. The law further provides that the money shall be disbursed on the first Monday in March, but the fund was not received by the State Treasury Department until Wednesday of last week, and the distribution could not be made any sooner.

News reached here yesterday morning that John R. Johnson of Drewsey, had committed suicide near that place Thursday by shooting himself through the head with a rifle. No cause is assigned for the rash act.

Hon. W. F. Butcher, the Democratic nominee for Congress for the 2nd district, addressed the people of this vicinity at the court house last night. The house was well crowded. There are many who wager that Furnish will be the next Governor, and there are others who are equally positive that Chamberlain will be elected; and while politics is now engaging the minds of many, we must not forget our every day requirements, and to do this the question arises where can we get everything we want at the lowest prices. But it is conceded in this that there is only one place where the stock of goods is carried, and where you can buy for the lowest price, the best quality of goods, and from the firm whose name is a guarantee as to quality, price and quantity of goods to select from. The firm we refer to is the "Old Reliable" and Pioneer Store at Huntington, the O. C. Co.

WILL ADVERTISE OREGON.

George McGowan Will Do Missionary Work in Scotland.

Accompanying a picture of George McGowan, a former well known Burns business man, the Oregonian of the 14th says:

George McGowan, of this city, will leave for Scotland this morning to visit his native home in that country. He will take a large quantity of literature with him, descriptive of Oregon industries and resources. This he will distribute in Scotland, he believes, with good effect. The Board of Trade has commended his plan, and supplied him with a large quantity of advertising matter. Mr. McGowan will go to Aberlauer, in Northeast Scotland.

Mr. McGowan came to this country 40 years ago. He settled on the present site of Burns. This town he named after the Scotch poet. He was appointed receiver of the Harney land district in Cleveland's first term.

"A feeling of unrest rules among farmers of my native country," said Mr. McGowan yesterday. "Nearly all the land is owned by old aristocratic families, and there is little opportunity for a poor man to own his own farm. It is difficult for an American to understand this system of land tenure. But farmers there have heard of this country, where a poor man can acquire a home of his own, and they look to it longingly. Besides, agriculture has been severely oppressed by the competition of American grain. I shall be gone three months."
