

TEARFUL,

Trembling, frightened, she knelt and wept. Between her arms she held her husband of her misery. It is not enough for the husband to comfort the wife in this condition, she needs help. In those early days when the shadow of maternity first begins to fall upon the woman, she is often nervous, sleepless, without appetite, and full of vague fears.

The help needed by women at this crisis is fully furnished by Dr. Pierce's Favorite Prescription. It nourishes the nerves and so quiets them. It restores the appetite and induces refreshing sleep. It gives physical strength and mental buoyancy to meet the trial of motherhood, and makes the labor almost practically painless.

It is very glad to say a few words for Dr. Pierce's Favorite Prescription, which has been the best four months when I had to become a mother. I suffered very much from nervousness and vomiting and I felt so nervous I could scarcely eat or drink anything. I used it all kinds of food. At the first I was very nervous and I felt so nervous that I could not do anything. I used it very much and Dr. Pierce's Favorite Prescription made me feel like a new woman. I used it all kinds of food and I feel like a new woman. I used it all kinds of food and I feel like a new woman. I used it all kinds of food and I feel like a new woman.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys every three minutes.

The kidneys are your blood purifiers. They filter out the waste and impurities from the blood. If they are weak or out of order, they fail to do their work.

Pay attention when you feel tired, or when you have a headache, or when you have a backache, or when you have a nervous, or when you have a general feeling of weakness. These are all signs that your kidneys are getting out of order.

It is not to be wondered at that every kidney sufferer who has tried the **WATERBURY** has found it to be a relief, and that every day it is doing its work.
