COUNTY OFFICIAL PAPER

SATURDAY OCTOBER 4, 1902.

The Portland Chamber of Commerce last week unanimously decided to endorse the Blue Mountain forest reserve.

The Democracy is beyond doubt sorely in need of a leader; but it is in yet greater need of a few fundamental principles, principles which will mean the same thing north, south, east and west. The party has not such a resource to-day.

The great need of the time in every town and neighborhood is men and women who stand for something, and who represent positive moral qualities that can be felt as living and working forces on the side of goodness.—Exchange.

The Kansas City Journal thinks that the result of Peary's trip to the Arctic has added strength to the contention that the north pole is a good deal like the presidency of the United States. Everybody knows where it is, but it is awfully hard to reach.

Americans are not, as has been stated, the sweetest toothed people in the world. Some government figures just issued show that the per capita consumption of sugar in Great Britain is 91 pounds, while in the United States it is 65 pounds for every man, woman and child. In Italy the consumption is only 6 pounds for each inhabitant.

The President's straight, frank talks to the people seem to win him general praise and favor. His direct, personal way, freed from all the arts and tricks of the polished and trained orator is making him many friends. The straight forward energy of his words and manner impresses his hearers with the absolute truth and honesty of his statements.

The office of tax assessor is an unpleasant one. There are those who swear at him for assessing their property to high and there are those who swear at him for assessing the other fellow's property too low. Then there are those who swear falsely about their property and the assessor is sworn at for this. The corporations claim that they are robbed and the citizens claim that the assessor stands in with the corporations. There is one remarkable thing about the whole matter, however, and that is that the fellow who does the most kicking is generally the fellow who has the least amount of property, and the biggest kicker of all, is the fellow that never pays a cent of taxes.—East Oregonian.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmor's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1.00. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmor & Co., Burlington, N. Y. When writing mention reading this generous offer in this paper.

A Remarkable Record.
 Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by H. M. Horton, Burns; Fred Haines, Harney.

It is now generally known and understood that Drunkenness is a disease and not weakness. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "HOME GOLD CURE" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of Drunkards into sober industrious and upright men.

WIVES CURE YOUR HUSBANDS! CHILDREN CURE YOUR FATHERS! Mr. D. P. Daugherty, well known throughout Mercer and Summer counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by H. M. Horton, Burns; Ered Haines, Harney.

ARE YOU DEAF? ANY HEAD NOISES?
 ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE
 by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
 F. A. WERMAN, OF BALTIMORE, SAYS:
 Baltimore, Md., March 20, 1902.
 Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
 About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
 I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
 I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and today, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain
 Very truly yours,
 F. A. WERMAN, 725 S. Broadway, Baltimore, Md.
 Our treatment does not interfere with your usual occupation.
