

Don't forget the old man with the fish on his back. For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes. To the consumptive he brings the strength and flesh he so much needs. To all weak and sickly children he gives rich and strengthening food. To thin and pale persons he gives new firm flesh and rich red blood. Children who first saw the old man with the fish are now grown up and have children of their own. He stands for Scott's Emulsion of pure cod liver oil—a delightful food and a natural tonic for children, for old folks and for all who need flesh and strength.

SCOTT & BOWNE, Chemists, 415 Pearl Street, New York, 50c. and \$1.00; all druggists.

NOT IN ANY TRUST

Many newspapers have lately given currency to irresponsible parties to the effect that the new home sewing machine had entered a trust or combination; we wish to assure the public that there is no truth in such reports. We have been manufacturing sewing machines for over a quarter of a century, and have established a reputation for ourselves and our machines that is the envy of all others. Our "New Home" machine has never been rivaled as a family machine. It stands at the head of all high grade sewing machines, and stands on its own merits. The "New Home" is the only really high grade sewing machine on the market.

It is not necessary for us to enter into a trust to save our credit or pay any debts as we have no debts to pay. We have never entered into competition with manufacturers of low grade cheap machines that are made to sell regardless of any intrinsic merits. Do not be deceived, when you want a sewing machine don't send your money away from home; call on a "New Home" Dealer, he can sell you a better machine for less than you can purchase elsewhere. If there is no dealer near you, write direct to us.

THE ORIGIN OF GOLF.

Game Was First Played by a Scotch Shepherd with His Crook and a Pebble.

The man or woman who has become interested in golf must needs know something of its origin over in Scotland. In his book "The Art of Golf," Sir W. G. Simpson tells the following pretty story as to how the game had its beginning:

"A shepherd leading his sheep would often chance upon a round pebble, and, having his crook in his hand, would strike it away; for it is inevitable that a man with a stick in his hand should aim a blow at any loose object lying in his path as that he should breathe. Over pastures green this led to nothing; but once upon a time a certain shepherd, feeding his sheep on a links, perhaps that of St. Andrews, rolled one of these stones into a rabbit scrape.

"Mary," quoth he, "I could not do that if I tried," a thought which served him to the attempt. But a man cannot long persevere alone in any arduous undertaking, so Mr. Shepherd hailed another, who was hard by, to witness the endeavor. "That is easy," said the friend, and, trying, failed. They now searched the grass for the roundest stones, and having deepened the rabbit scrape, so that the stones might not jump out of it, they set themselves to practice putting.

"The stronger but less skillful shepherd, finding himself worsted at the amusement, protested that it was a fairer test of skill to play for the hole from a considerable distance. With this arranged, the game was found to be much more varied and interesting. The sheep having meanwhile strayed, the shepherds had to go after them.

"This proving an exceedingly irksome interruption, they hit upon the ingenious device of nailing a circular course of holes, which enabled them to play and herd at the same time. These holes being now many and far apart, it became necessary to mark their whereabouts, which was easily done by means of a tag of wool from a sheep attached to a stick, a primitive kind of flag still used on many greens, almost in its original form. Since these early days the essentials of the game have altered but little."

Scotsman's Preceis Folly.

Maj. James B. Pond, of world-wide repute as a pilot of celebrities of the concert stage and the "lyceum," tells of a waiter, a Scotsman, of whom he once inquired the exact time to leave to catch the morning boat plying between the river town where he was visiting and the next stopping place on his itinerary.

"Well, I canna' tell ye jist whit time 'twill be; but if ye'll leave five minutes afore ye see the steamer coming' roun the pint, ye'll jist be in time to catch it, sir."—Philadelphia Times.

Had the Most Science.

In responding to the toast "Science" at a banquet in New York recently President Pritchett, of the Massachusetts Institute of Technology, told this story: "In a Boston school the other day a teacher said to a small boy: 'Who won the battle of New Orleans?' 'Why Jim Corbett, of course,' was the answer. 'How did that happen?' asked the teacher, thinking to set the boy right. 'He won' was the prompt reply, 'because he had more science than the other guy.'"—Chicago Chronicle.

Chloroform and Gaslight.

In general the profession in this country is united in the belief that ether is a much more satisfactory anesthetic than chloroform. A not inconsiderable number, however, prefer chloroform, particularly under special circumstances, and some operators who have no well-equipped clinics at their command tend to use chloroform when working by artificial light, and particularly in ill-equipped houses. It is, however, known by most pharmacologists and by many others that chloroform has dangers when used by artificial light, but this fact is by no means generally recognized. Persons have been killed by the decomposition of chloroform by gaslight. It has been attempted to overcome the danger of the production of this form of poisoning by placing soda or borax solution or milk of lime in the operating-room, but these methods have been shown to be wholly insufficient. —Philadelphia Medical Journal.

His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery, and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. T. Little, merchant, Hancock, Md. For sale by H. M. Horton, Burns; Fred Haines, Harney.

THE DORR BLACK-DRAUGHT FOR CONSTIPATION

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Theodor's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Theodor's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

Moran, Ark., May 23, 1901.
I cannot recommend Theodor's Black-Draught too highly. I keep it in my house all the time and have used it for the last few years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.
C. E. McFARLAND.

The Chicago Weekly Inter Ocean

is the only weekly newspaper published in Chicago in connection with the great daily papers. It contains a judiciously selected summary of the news of the nation and world, the best stories, home, farm, woman's, and other special departments, and fair, patriotic, able editorials, written from a Republican viewpoint. It is by far the best general newspaper of the Western States. The regular price for the Weekly Inter Ocean is \$1.00 and for the Harney Valley Items \$1.50, but subscriptions will be received at this office for the two papers in combination for one year for only \$1.50.

Mr. D. P. Daugherty, well known throughout Mercer and Summer counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by H. M. Horton, Burns; Fred Haines, Harney.

TIMBER CULTURE, FINAL PROOF—NOTICE FOR PUBLICATION.

U. S. Land Office, Burns, Oregon, Dec. 12, 1902
Notice is hereby given that Mary A. Oard, Administratrix of the estate of Joseph E. Parker, has filed notice of intention to make final proof before the Register and Receiver at their office in Burns, Oregon, on Saturday the 24th day of January, 1903, on timber culture application No. 52, for the SW quarter of section No. 23, in Township No. 24 S., Range No. 25 E. She names as witnesses: James Oard, Peter Oard, J. W. Kelso and Noah Oard, all of Lawton, Oregon.

Wm. F. Farns, Register.
