NEW SENATOR IS IN

Fulton Sworn in as Oregon's Latest Choice.

Oregonian News Bureau, Washington, March 5—Senator Fulton was among the first new members of the upper branch of Congress to be sworn in this morning. He was escorted to the President's desk by Senator Mitchell and there took the oath. He and Smoot wore business suits, the other new Senators wearing black frock coats.

Senator Fulton will occupy a seat on the extreme right of the presiding officer's desk, in the back row on the Democratic side, next to Ball, the regular Republican recently elected from Delaware. Having been one of the last Senators elected, Fulton had to content himself with the best seat available when he arrived. His desk today was laden with flowers, the principal piece being an immense basket of red and white roses, with a handle of white carnations, the whole standing three feet high.

Senator Simon and Representative Moody were present during the swearing in of new Senators to-day.

In the shuffling about of seats in the Senate, Senator Mitchell abandoned his desk on the extreme left of the rear row on the Republican side and took the desk vacated by Deboe, being the rear seat on the Republican side of the Senate chamber. His old seat has been taken by Apostle Reed Smoot, of Utah. On the right of Smoot sits Ankeny, while Heyburn, of Idaho, is on his left.

DRAKE HAS WON.

Contest for Deschutes Water Dismissed.

Washington, March 6.—Secretary Hitchcock has affirmed the action of Land Commissioner Richards, dismissing the protest of C. C. Hutchinson, president of the Oregon Irrigation Company, against the granting of the application of the Pilot Butte Development Company for rights of way for canals, by which the latter company proposes to divert the waters of the Deschutes River to reclaim lands recently segregated under the Carey act.

Hutchinson has been making a long fight on the Drake or Pilot Butte applications made under the right of way act, alleging that he and his company had prior rights and that by reason of rights of way located up stream from the point where the Pilot Butte Company proposes to take its water, he had full control of the water of the river and that therefore the Pilot Butte Company was practically without right to the water.

After a careful review of the facts the Secretary finds that there is no right or justice in the contention of Hutchinson. Furthermore he appealed out of time from the adverse action of the Land Office and on this ground the appeal could be dismissed. But aside from this irregularity, careful examination of the protest discloses no reason for reversing the action of the Land Office.

The Secretary's decision removes the last obstacle that threatened to delay the work of the Pilot Butte Company, and furthermore the decision is final.

SHOOTING AT NYSSA.

Jasper Griffith Shoots John Raulston Over a Settlement.

Vale Gazette: Jasper Griffith last Wednesday shot and seriously

wounded John Raulston at Nyssa, in an altercation which they had over a settlement. The story of the shooting, as near as we can learn is as follows:

Griffith, who is wintering several thousand head of sheep in the Nyssa neighborhood, had in his employ John Raulston, of Weiser. Wednesday morning Raulston went to the town of Nyssa for a load of corn, and there met Griffith who had been in Nyssa for several days. While in one of the saloons the two men had some words over a settlement and Raulston, being angered by Griffith calling him names, knocked the latter down, bystanders separated the parties, and they in apparently good humor left the saloon and started for Emerson Bros. store for a settlement, and when about half way from the saloon to the store as the report has it, Griffith suddenly drew his pistol and fired at Raulston, the ball striking him in the right side.

During the excitement which followed, Griffith got on a horse and rode away, and later arrived at Ontario, and was taken in charge by officers. Raulston was taken to Ontario on the afternoon train where his wounds were dressed, and later taken to his home at Weiser.

Sheriff Lawrence went to Ontario Wednesday afternoon, and this Thursday morning brought Griffith to Vale and placed him in the county jail, where he was later visited by a representative of the Gazette, but he declined to make any statement whatever. It is thought Raulston's wounds will not prove fatal.

Pies Armstrong, the murderer of Miss Minnie Ensminger, and who is now awaiting his trial in Baker county, came near being lynched last Tuesday morning, says the Herald. A mob appeared at the jail and demanded Armstrong, but the Sheriff anticipating trouble, had removed Armstrong to a place of safety earlier in the evening and the mob was thus foiled in their attempt to take the law into their own hands. Later he was placed on board a train and taken to Portland where he will be kept until time for his trial.

The Chicago Weekly Inter Ocean is the only weekly newspaper published in Chicago in connection with the great daily papers. It contains a judiciously selected summary of the news of the nation and world, the best stories, home, farm, woman's, and other special departments, and fair, patriotic, able editorials, written from a Republican viewpoint. It is by far the best general newspaper of the Western States. The regular price for the Weekly Inter Ocean is \$1.00 and for the Harney Valley Items \$1.50, but subscriptions will be received at this office for the two papers in combination for one year for only \$1.50.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by H. M. Horton, Burns; Fred Haines, Harney.

PLANS FOR TOUR

President Maps Out His Movements on Coast.

Washington, March 7—President Roosevelt has begun to turn his attention to his intended trip to the Pacific Coast, but has not yet arranged all details. He is disappointed that it was necessary to have an extra session of the Senate, as it will necessitate cutting down his trip somewhat and shortening his stay at several important points; notably in the Yellowstone Park.

His only stop of any length in Oregon will be at Portland, where he expects to spend a day and possibly a night. At what other points he will stop in Oregon will depend upon the hour he crosses over from California, on his way up the Coast. If the hour is suitable, he will undoubtedly make a short stop at Salem and possibly at Roseburg, Albany and Eugene. If, when he reaches the Coast, the President finds his time is being overtaxed, he will have to cut down his stops at Salem and Portland.

As he goes north from Portland, the President will follow largely the route laid out by President McKinley, going first to Chehalis, on to Olympia, then to Tacoma. He is being urged to go from Tacoma by boat to the Bremerton navy yard, thence to Seattle, giving him an opportunity to view the Sound.

After crossing the mountains, as he turns eastward, the President contemplates running to North Yakima, possibly to Walla Walla, and certainly through Spokane. His only stops of any length in Washington will be at the three principal cities. He will probably spend not more than five days in the two states.

As far as possible, President Roosevelt will leave details of his visit in the large cities to the local representatives, allowing them to lay out his programme. His only request is that he may be exempt as far as possible from tiresome receptions, banquets and set speeches. He does not care to make a campaign tour, nor does he desire to be forced to listen to long speeches from local talent. As soon as the President has fixed the dates for his arrival and departure from the leading cities along his route, he will request, through his secretary, that local representatives make their plans accordingly.

In order to test the vigilance of the night guards at the Oregon penitentiary, Second Warden McPherson last Sunday night climbed over the wall, went through the shops and climbed out again. He scaled the wall at the place where Tracey and Merrill crossed it last summer. This feat on the part of the second warden was accomplished at the risk of his life, for if he had been discovered by one of the guards he would probably have been shot. As a result of this test Governor Chamberlain has asked for the resignation of the two wall guards, T. E. Hammersly and D. J. Ferree, on the ground that they had neglected their duty to the serious peril of the safety of the prison.

The grand jury of Baker County has returned twelve indictments for criminal libel against C. W. Hill and L. Bush Livermore, manager and editor respectively of the Baker City Herald. The indictments charge that the Herald libeled County Judge Travillion and District Attorney Sam White by the publication of a series of articles

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c, and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Mr. D. P. Daugherty, well known throughout Mercer and Summer counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by H. M. Horton, Burns; Fred Haines, Harney.

Asthma

"One of my daughters had a terrible case of asthma. We tried almost everything, but without relief. We then tried Ayer's Cherry Pectoral, and three and one-half bottles cured her." — Emma Jane Entsminger, Langsville, O.

Ayer's Cherry Pectoral certainly cures many cases of asthma.

And it cures bronchitis, hoarseness, weak lungs, whooping-cough, croup, winter coughs, night coughs, and hard colds.
