

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

NOT IN ANY TRUST

Many newspapers have lately given currency to reports by irresponsible parties to the effect that

THE NEW HOME SEWING MACHINE CO had entered a trust or combination; we wish to assure the public that there is **no truth** in such reports. We have been manufacturing sewing machines for over a quarter of a century, and have established a reputation for ourselves and our machines: not in the envy of all others. Our "New Home" machine has never been revealed as a family machine—it stands at the head of all High Grade sewing machines, and stands on its own merits.

The "New Home" is the only really HIGH GRADE Sewing Machine on the market.

It is not necessary for us to enter into a trust to save our credit or pay any debts as we have no debts to pay. We have never entered into competition with manufacturers of low grade cheap machines that are made to sell regardless of any intrinsic merits. Do not be deceived, when you want a sewing machine don't send your money away from home; call on a "New Home" Dealer, he can sell you a better machine for less than you can purchase elsewhere. If there is no dealer near you, write direct to us.
