

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the wrapper of every bottle of Emulsion you buy.

NOT IN ANY TRUST

Any newspapers have lately given currency to reports by irresponsible parties to the effect that

THE NEW HOME SEWING MACHINE CO had entered a trust or combination; we wish to assure the public that there is **no truth** in such reports. We have been manufacturing sewing machines for over a quarter of a century, and have established a reputation for ourselves and our machines that is the envy of all others. Our "New Home" machine has never been rivalled as a family machine—it stands at the head of all **High Grade** sewing machines, and stands on its own merits.

The "New Home" is the only really **HIGH GRADE Sewing Machine on the market.**

It is not necessary for us to enter into a trust to save our credit or pay any debts as we have no debts to pay. We have never entered into competition with manufacturers of low grade cheap machines that are made to sell regardless of any intrinsic merits. Do not be deceived, when you want a sewing machine don't send your money away from home; call on a "New Home" Dealer, he can sell you a better machine for less than you can purchase elsewhere. If there is no dealer near you, write direct to us.

PRODIGAL WITH HIS WEALTH.

Russian Spendthrift Who Squanders Millions Every Year.

Le Petit Sucrier has found a successor in St. Petersburg. He is Max II., his age is 22, his pocket money 2,000,000 rubles, and the source of his revenue is ancestral trade. The special form of extravagance which he has made popular among the golden youth who so speedily melt their golden plumage is the beggars' supper. It is a banquet of extremes, says the Fall Mall Gazette, a gathering of the fine flower of the demi-monde and the most ragged and ravenous beggars who can be picked up in the streets of St. Petersburg. He lately paid 1,000 rubles to a well-known gambling establishment for the exclusive use of their salons on one particular night. He then sallied out into the streets and returned with his beggars' opera. Then came tradesmen, bringing the richest dishes; musicians, waiters, singers, the bands of Comus and a jury of 12 fair frailties, who were to decide what reveler had been the wildest and witziest in the evening's revel. The men dicants received gold and the ladies diamonds, and the Christmas tree was plundered of its pearls and ruby blossoms. The beggars and nymphs hailed Max II. as one of the wonders of the world, applauded with both hands and strewn palms on his returning path. Meanwhile, the family of this notable boyar are taking alarm and casting about vainly for a remedy. A gold cure has been found for the disease of drink, but who will give a cure for the disease of gold?

A MYSTERY EXPLAINED.

"I don't know, mamma, unless it was the question."

Anecdote.
"My forebears in the Mayflower sailed!" He raved the vain remark.
For instantly responded she:
"And mine sailed in the ark."

COURTEOUS HINTS.

They Are as Forgive as Other Kinds—A Case in Point.

Perhaps there is no greater strain upon "neighborly feeling" than living next door to a poultry yard whose inmates are allowed to "run"—making exercise ground of the adjacent flower and vegetable gardens. A San Diego young lady who was subject to this annoyance politely asked her neighbors, says Youth's Companion, to keep their pets at home. She asked it several times, and still no attention was paid to her grievance. Finally she hit upon an ingenious method of protecting herself.

She prepared grains of corn by tying to them, with strong carpet thread, small cards bearing the words: "Please keep your chickens at home!" and distributed the grains about her flower beds.

The chickens came to feast as usual, and greedily swallowed the corn, not perceiving the thread until the card was against their jaws. Then they could neither swallow the card nor rid themselves of the swallowed corn.

Twenty or thirty of the marauders ran home, bearing the polite request to their culpable owner, who, struck with the method of the hint, promptly cut the threads and cooped up the birds.

This was forcible, but a delicate hint upon a like offense was conveyed from one aggrieved relative to another where stronger measures would have been out of place.

The suffering victim of hens was taken ill, and the perhaps unseasonable offender slew his choicest birds and sent to the invalid. The invalid feasted thereon, and sent back a message of thanks to the effect that the fowl was delicious, and tasted of her violets!

CHIEF P. M. ARTHUR's real estate in Cleveland is assessed at \$45,650, and worth about \$85,000.

THE French duchess d'Uzes is said to repair every Friday morning, in mean clothes, to a cancer hospital, where she replaces an infirmity servant till late in the evening.

THE emperor of Germany drinks nothing but Mexican coffee, and a year's supply is sent to him from a plantation in the state of Michoacan. A large German colony there has been cultivating coffee for many years.

THE ameer of Afghanistan is writing his autobiography. The book will deal with the whole of Abdurrahman Kahn's career from childhood—his family quarrels, his going to Russia, his rule, etc. Given the possession of a fair literary ability, the ameer's book ought to be interesting.

His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery, and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. T. THE FORD'S
BLACK-DRAUGHT
FOR
CONSTIPATION

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. The Ford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original The Ford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

MORRIS, Ark., May 25, 1901.
I cannot recommend The Ford's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never saw my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.
