It has been suggested that the citizens of Burns should see at once to the purchase of a suitable tract of land for a city park. This is certainly a timely suggestion and no time should be lost as all the most suitable tracts are being divided into town lots and will soon pass into the hands of numbers of individual holders when the prices will double. There is nothing more beautiful and attractive than a city park, and we can if we will, have one that will be a credit to any city and that at a reasonable cost if the matter is taken in hand now.

News was received in Burns this week of the death of W. N. Jorgensen, at the St. Joseph hospital in Chicago Wednesday afternoon at 2 o'clock.

Mr. Jorgensen had gone to Chicago to have an operation performed on his knee, which had been afflicted some time, the result of an injury received years ago. The deceased was born in Denmark 60 years ago. He came to New Orleans in the latter part of the 60's, where he became naturalized in 1872. About 14 years ago he came to Burns and started in the jewelry business. He has one brother in this county, John Jorgensen, who is working in the Stein Mountain country. Gray Hair

"I have used Ayer's Hair Vigor for over thirty years. It has kept my scalp free from dandruff and has prevented my hair from turning gray."—Mrs. F. A. Soule, Billings, Mont.

There is this peculiar thing about Ayer's Hair Vigor—it is a hair food, not a dye. Your hair does not suddenly turn black, look dead and lifeless. But gradually the old color comes back,—all the rich, dark color it used to have. The hair stops falling, too.
