Some Good Racing.

The coming race meeting promises to be one of the best ever held on the local track. A number of thoroughbreds will be on hand and the track promises to be fast. There are now ten running horses in training on the track every morning, not including saddle horses, besides six or seven trotting and pacing animals.

The running stable thus far consists of: Henrietta G., owned by M. Helsey, North Yakima, Wash.; Billy Maupin II, C. E. Whitworth, North Yakima, Wash.; Monte Cristo, F. S. Miller, Burns; King Castro and Gray Dandy, H. Richardson, Burns; Little Henry and Sorrel Ben, Wm. Burlington, Burns; Red S., P. C. Burlington and J. M. McKiesick, Burns; John R. and a three-year-old (un-named) Jean Ingersoll, Drewsey. In the above, it is thought, will be included three horses from Grant County, which are said to be enroute. The coming week will undoubtedly see many others.

The trotting and pacing stable will include some good youngsters. Ben Brown, E. P. Smith and Carrol Cecil have promising three-year-olds. John W. Biggs and George Young have horses in training.

The Association will use extra precaution in seeing that every race is run strictly in accordance with the conditions and that there is no trickery or jobbing. They are determined that there shall be square racing or none at all.
