

THERE is considerable talk of probable important pending legislation at the next session of congress. The recommendation of the Grand Army of the Republic for a service pension of \$12 a month for all honorably discharged soldiers of the rebellion, who served at least three months in meeting with considerable favor in widely different sections of the country. It is urged that additional to being an act of justice and generosity on the part of the government toward the survivors of the great conflict, it would have the effect of largely eliminating the mass of special pension legislation enacted by every Congress. When it is considered that entire armies endured in a single campaign or a single day what no man would undertake for any amount of simple cash consideration, it will be agreed that the nation cannot do too much toward lightening the closing days of the men who saved the nation.

The whole trend of the present administration is to conduct the affairs of the government on up-to-date economical business methods.

Tom Johnson has placed the Ohio democrats in a sad plight. They must vote the republican ticket this fall or encourage Bryanism.

The biggest man in Ohio has just died, but so long as Tom Johnson lives, the conceit of bigness will not perish from the Buckeye state.

The Government is advertising for a band leader who is also a cobbler. If he proves a failure as a musician he can be told to "stick to his last."

A public office may be a public trust but that does not mean that a public official has the right to take stock in every Trust Company that comes this way.

Mr. Carnegie in saying England and the United States are to be one, has won some very severe press criticisms. However from diatribe to eulogy is but a step.

Secretary Hay is letting it be known that unless Columbia comes to her senses and ratifies the canal treaty serious results are likely to follow.

Representative Burkitt is in Washington. He declares that Nebraska will give President Roosevelt the largest majority ever given to a republican president.

It is a pity, but it is none the less true, that there is no administration without its portion of "graft" and scandal but never was administration which laid the axe at the root of its scandal with the energy displayed by President Roosevelt.

JUMPING UP

Is a great deal harder than jumping down. And yet people who have been for years running down in health expect to jump back at once. It takes years generally to make a man a confirmed dyspeptic, and he cannot expect to be cured in a few days. There is no quicker means of cure for dyspepsia or other forms of stomach trouble than by the use of Dr. Pierce's Golden Medical Discovery. It cures all diseases of the stomach and other organs of digestion and nutrition and builds up the body with sound flesh and solid muscle. "I was taken sick two years ago," writes Rev. W. H. Patterson of White Cloud, A. S., "with what the doctors thought was gastric trouble, indigestion or nervous dyspepsia, also constipation and inactive liver. I was in a dreadful condition. Tried several different doctors with but little result. I had gotten so feeble that I was almost past traveling about; had got down to six pounds. I sent and bought six bottles of 'Golden Medical Discovery,' and got the 'Pellets' and began following directions. When I had taken about five bottles I felt very much better and was greatly improved, and weighed one hundred and thirty-eight pounds. I will say that Dr. Pierce's medicines are a God-send to poor suffering humanity, and I advise any and all chronic sufferers to give them a fair trial and they will be satisfied."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach. Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

Mrs. Carrie Nation threatens to go on the stage. Won't somebody ax her not to?

The President has injected a new quantum of strenuousness in the Postoffice investigation.

Explorer Peary has just received an addition to his family and funds to make another North Pole Expedition.

A race between the Shamrock III and Prof. Langley's Buzzard might send Sir Thomas home with one victory to his credit.

It is expected that the President will instruct that typesetting machines be installed in the Government Printing Office.

Mme. Hunt, president of the Western Milliners' Convention, says the "poke hat" represents a "moral crisis". There appears to be a waste of rhetoric as well as of money in fashion.

Please speak softly about the possibility of failure of the Panama canal. In the lexicon of the new world there is no such word as failure. We'll dig the ditch.

President Castro seems bound to get into trouble. It is now reported that he has developed a pleasing habit of throwing foreigners with claims against the Government into jail.

Secretary Shaw has devised a scheme whereby he will be able to obviate a scarcity of currency which would have otherwise been caused, by the demand for money to move the crops.

Rumor has it that Representative Heminway will be the republican floor-leader in the house next session, although Representative Payne will continue as chairman of the Ways and Means committee.

An Indian woman is suing her eighteenth husband for a divorce. Apparently the divorce habit is as dangerous as the tobacco or the cocaine habit. Wise women will take precautions to avoid contracting it.

Attorney-General Crawford has given it as his opinion that where school district boundaries are changed by the carving out of a new district from one already established and against which a debt exists, the new district is not responsible for any part of the debt.

Secretary Hitchcock calls attention to the fact that although President Garrett criticizes and inspects for staying at Indian agents' houses, Mr. Garrett's special agent, Bousios, accepted the hospitality of Inspector J. George Wright when making his recent investigation, and then cast imputation on Wright's honesty.

Postmaster General Payne departed so seriously from President Roosevelt's policy in dismissing Postmistress Hulda Todd, that it is freely predicted there will soon be a vacancy in the cabinet. President Roosevelt has announced his intention to administer the consular service on business principles. His intention will command the respect of every business man in the country.

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by H. M. Horton, Burns; Ered Haines, Harney.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.
