

VISITING SPECIALISTS

These specialist come to you

Local patients can see an array of specialists without traveling out of the county, thanks to Blue Mountain Hospital.

Margie Molitor, Blue Mountain Hospital Interim CEO, said the doctors visit the county monthly, or more often, to see patients here, often on referral by their local family doctor.

All are from Bend/Redmond except for Sandefur and Rushton, who come from Baker City. To see which specialists are visiting each month, check the hospital's newsletter, published monthly in the Blue Mountain Eagle. To schedule an appointment call Blue Mountain Hospital, 541-575-0710.
