The Complex encompasses approximately 20,000 acres and is located within the Long Creek, Lower North Fork John Day River, and Cottonwood Creek watersheds. The legal description for the project planning area is (township, range, sections):

- Township 10 South, Range 28 East, sections 10-15, 23-26;
- T. 10 S., R. 29 E., sec. 7-9, 18-14, 19-24;

The Blue Mountain Ranger District proposes to continue authorization of livestock grazing on allotments within the North Finger Complex using adaptive management strategies designed to meet the Malheur National Forest Land and Resource Management Plan standards and guidelines. Elements involved with the proposed action include: pasture grazing rotation strategies implemented so that vegetation in each pasture is allowed to mature and set seed, construction of wildlife friendly fence better manage riparian habitats in the Donaldson allotment, and installing water developments to provide off-site livestock water in the Donaldson, Hamilton, King, and Indian Ridge allotments. A more detailed project proposal package can be obtained from the Malheur National Forest by contacting Kelly Ware at 541-575-3432 or at kware@fs.fed.us or on the web at http://www.fs.usda.gov/projects/malheur/landmanagement/projects. Written comments should include your name, address, and (if possible) telephone number; organization represented if any, title of the document on which the comment is being submitted and specific facts or comments along with supporting reasons you believe the Responsible Official should consider in reaching a decision; and your signature. We invite your comments as your input will help us decide how to proceed with this project. Specific, solution-oriented comments that focus on the proposed project or identify issues with the proposal would be the most useful in our planning efforts. This specific input will help us develop alternatives that address those issues. Although written or verbal comments are welcome at any time, they will be most useful if submitted to me in writing by March, 2014. Please submit your comments to: Dave Halemeier, District Ranger
