Thank you for your hard work and dedication.
What to you, does it mean to be a Doctor?

"As a physician, it is an honor and a privilege to give back to a community that has given so much to me and my family." -Dave Hall

"I am grateful for the privilege I have to participate in the lives of my patients. I have the unique opportunity to share with them some of life's greatest triumphs, as well as some of life's biggest challenges. It is a continual reminder to me of the things that matter most. A life well-lived is not about things that are acquired, but about the love we are able to give and receive." -Zac Bailey

"Committing my time and efforts to those who trust I will do everything I can to improve their health. I am very grateful for the opportunity I have to serve all who believe in me. Thank you, Grant County!" -Shawna Clark

"Being a doctor to me is being able to build trust and relationships with my patients and their families." -Emily Lieuallen

"Being present, fully present, through the joys, the pain, the sorrows, and the challenges, sometimes with partial answers, sometimes not, but always ready to walk this journey together, sharing some of what has been shared with me." -Andrew Janssen

"Being a doctor is like marrying your patients, in sickness and in health, through grief and joy, in good days and bad - the goal is to bring out the best in each other." -Andrea Janssen

"For me, being a surgeon means helping people understand and solve their surgical issues, while also building lasting relationships with the individuals and their families." -Keith Thomas

"Working toward the common goal of good health and quality of life is both a privilege and honor I am grateful to have." -Nora Healy
