Blue Mountain Eagle

JOHN DAY – Applications are available for the Grant County Futures Scholarship program.

The program helps adult and high school-age students planning to take courses or workshops through Eastern Oregon University of Blue Mountain Community College’s online programs.

The applications, available at the university’s Grant County Center, are due by 4 p.m. April 30.

Applicants must be county residents for one year, demonstrate financial need, provide letters of recommendation, and present a specific request. The Grant County Futures Scholarship program is intended to provide a boost to local workers and students, and to get financial help to those who can benefit most – local degree-seeking students, workers wanting to increase job skills, residents who have never taken a college course, or high school age students who want to get a head start on college.

The advisory board is accepting tax-deductible donations for the endowed Futures Scholarship.

For an application or information, contact Ashley Masterson-Armichardy at 541-575-1550 or amastersonarmichardy@bluecc.edu or Chris Cronin at 541-575-2168 or ccronin@eou.edu.
